MISSION, VISION, VALUES STATEMENTS

SCHRA's core mission, vision, and values are:

Mission: SCHRA's mission is to provide low income individuals and communities, access to educational, economic, nutritional and social services that promote and encourage self-reliance through our partnerships with local, state and federal resources.

Vision: To broaden its image, strengthen its internal and external collaborations in order to increase the community's awareness of its value and to deepen its impact.

Values: To truly live our mission and, ultimately, achieve our vision, the following are SCHRA's values:

1. **Integrity:** To do the right thing every time.
2. **Caring:** To always interact towards others with empathy and compassion.
3. **Excellence:** To consistently be the best in all we do.
4. **Teamwork:** To act as one through collaboration, cooperation, and communication.
5. **Perseverance:** To tenaciously execute our objective.

When we make decisions, we must first think about what is the right thing to do (integrity). Then we must consider the decision's effect on the people it touches (caring). Only then can we think about the steps we must take to ensure that a task is done excellently. To be successful, tasks must be done with teamwork and with perseverance. In other words, it is not just, what we do; it is, equally important, how we do it.

EMPLOYMENT PHILOSOPHY

The human resource resources policies and procedures at SCHRA are based on the belief that the Agency's success is primarily dependent upon the employees.

Employees can expect the Agency to:

- Live and promote the mission, vision, and values through all the Agency does.
- Recognize employees as an important part of the SCHRA's team.
- Review employees' performance annually.
- Maintain competitive wages and benefits for the marketplace and industry within our budgetary limits.
- Provide a safe, efficient, and pleasant workplace.

- Encourage employees to expand their knowledge and value to the Agency through educational and professional development opportunities.
- Establish and maintain a truly “open door” communications environment.
- Deliver high-quality service to clients.

EMPLOYMENT EXPECTATIONS

Because SCHRA is service-oriented, employees need to be committed to the Agency's mission, vision, and values. Employees are expected to:

- *Give high-quality service to clients.* SCHRA exists because of its mission. Those served are to be treated with the utmost respect, courtesy, promptness, cooperation, friendliness, and confidentiality.
- *Perform at the highest level.* Employees are hired for their skills and abilities in certain areas. Every employee needs to be at work on a regular basis, understand and perform their job well, continue to improve competencies, and be constantly thinking of ways to better serve the community and clients.
- *Strive to make this a great place to work.* Every employee impacts the culture of SCHRA. Cooperating with one another, taking initiative, knowing and respecting one another's strengths and weaknesses, and treating one another with courtesy is the foundation to creating a positive culture and a great place to work.

ABOUT THIS POLICY AND PROCEDURES MANUAL

This Manual covers many of the situations that will affect employees' day to day work life in the Agency, but not all. This Manual is not an employment contract and does not create contractual obligations, nor is it a contract guaranteeing employment for any specific duration; either the employee or the Agency may terminate this relationship at any time, for any reason. No oral statements by supervisors or management can create a contract or modify their status as an **employee-at-will**. As an **employee-at-will**, an employee may quit at any time, with or without notice. SCHRA has the same right to terminate employment. Only the Governing Body Chairperson has the authority to create an employment contract for a definite term, and such contracts must be in writing and approved by the Governing Board to be valid.

No statement contained in the Human Resources Policies and Procedures Manual, employee handbook, employment application, recruiting material, or other written materials provided to any employee in connection with his/her employment will be construed as contradicting this policy by creating any express or implied contract of employment.

The Manual applies to employees, volunteers, and independent individuals and organizations under contract or agreement to provide services.

In response to updated regulations, laws, personnel, payroll, and human resources best practices, the Manual is subject to change at any time. Exceptions or deviations from the policies and provisions of this Manual may be authorized by the Executive Director to accommodate particular fact situations in the best interests of the Agency.

Completion of an introductory period will not change an employee's status as an employee at-will or in any way restrict the Agency's right to terminate an employee.

Please contact your supervisor or Human Resources Director for specific questions and concerns or suggestions for the Manual.

OPEN DOOR POLICY

SCHRA is committed to promoting and practicing an “open door” attitude among all of the employees to discuss differences of opinions and/or problems that may arise.

If there is a question, concern, or problem related to employment at SCHRA, the situation should be discussed directly with the supervisor, Human Resources Director, or Executive Director. The Agency encourages employee involvement and participation in problem solving.

Problems or concerns should be discussed as soon as the issue or problem arises. If an employee is uncomfortable talking to his/her supervisor about the problem or the concern remains unresolved, he/she may approach the Human Resources Director for guidance. If, after speaking with the supervisor and Human Resources Director, the matter remains unresolved, the employee may seek progressive levels of involvement and discussions, in the specific order presented, with: supervisor, supervisor's supervisor, Program Director, Human Resources Director, Executive Director.

Problems not resolved in the above process may be subject to review under the Agency's grievance policy.

CLIENT RELATIONS POLICY

It is the policy of the Agency to be client and service oriented and to require employees to treat clients in a courteous and respectful manner at all times.

Employees must understand that the client comes first, is the primary reason for the Agency's existence, and is, therefore, the ultimate source of each employee's job security and income. All employees have an obligation to represent the Agency in a positive fashion and to make clients feel as comfortable as possible in dealing with the Agency.

Employees with client contact are expected to know the Agency's services and to learn the wants and needs of clients. These employees should attempt to educate clients about the use of the Agency's services and should seek new ways to serve the client.

Employees are encouraged to report recurring client-related problems to their supervisor and to make suggestions for changes in Agency policies or operating procedures to solve problems.

Employees should be prepared to listen carefully to client inquiries and complaints and then deal with them in a responsive, professional manner. If a controversy arises, the employee should attempt to explain Agency policy in a clear, yet respectful, manner. If a client becomes unreasonable, abusive, or harassing and the employee cannot resolve the problem, the client should be referred to the employee's supervisor.

Employees should be particularly courteous and thoughtful when using the telephone.

GRIEVANCE POLICY/PROBLEM RESOLUTION

GRIEVANCE PROCEDURE

Grievance procedures are available as a fair and effective means to resolve work-related complaints and problems. An employee can call upon their supervisor, program director, Human Resource Director or the Executive Director to evaluate their complaint and decide whether or not they have been treated fairly. An employee can use this procedure when they feel a work-related decision is not consistent with established department policies and practices.

RESOLUTION THROUGH INFORMAL DISCUSSION AND COUNSELING

An employee is first expected to consult informally, orally or in writing, with his or her supervisor, coordinator, program director, Human Resource Director, and/or the Executive Director, regarding any action, condition, occurrence, or attitude, either expressed or implied, which the employee believes may provide grounds for a grievance. This consultation should take place immediately when the employee first becomes aware of the incident or situation. If the problem can be resolved at this time, no formal action or grievance is required. It is a specific requirement that the matter must first be brought to the attention of the Agency prior to filing a grievance. This ensures that the Agency has an opportunity to correct the situation prior to the employee's filing a formal grievance.

DEFINITION OF GRIEVANCE

A grievance is defined as a written statement to the Executive Director by an employee which describes a specific unresolved action or situation or currently existing condition, which the employee reasonably believes to be in violation of these personnel policies, other Agency policies and/or procedures or laws and regulations governing Agency operation and management. The grievance must specifically state the action or remedy desired or requested by the grievant.

FILING A GRIEVANCE

If the employee has reported or discussed the matter with his or her supervisor, coordinator, Program Director, Human Resource Director, or the Executive Director, and a satisfactory agreement for resolution cannot be reached on an informal basis, the employee may file a written grievance to the Executive Director. A grievance must be in writing, addressed to the Executive Director, and must concern a previously reported situation unresolved at the time of the grievance and alleges a violation of these personnel policies, other Agency policies and/or procedures or laws and regulations governing Agency operation. It must contain a specific request for action or remedy. A new employee who is working within the introductory employment period is not entitled to file a grievance concerning any personnel action. A grievance must be filed within twenty (20) working days after the employee first becomes aware of the incident or situation. A grievance will be considered untimely and may be rejected if filed later than the times described above. The Executive Director may at his option, accept a late or untimely grievance in an unusual situation, or if timeliness is clearly beyond control of the employee filing the grievance.

EXECUTIVE DIRECTOR'S ACTION

The Executive Director will have twenty (20) working days to answer the grievance. Within that time, he or she will investigate the situation, make a determination, and prepare a written response to the employee. The twenty-day response period may be extended an additional 15 days by the Executive Director with written notice to the grievant.

APPEAL TO THE SCHRA GOVERNING BOARD CHAIRMAN

The grievant may appeal the Executive Director's decision to the SCHRA Governing Board Chairman in writing within ten (10) working days of receipt of the Executive Director's decision. The SCHRA Governing Board Chairman will conduct such investigation or inquiry as deemed appropriate and respond in writing to the grievant within thirty (30) working days as to his or her decision or, alternatively, referral of the grievance to a grievance committee. If referred to a Grievance Committee, the Committee will respond to the Chairman in writing within thirty (30) working days with a recommendation for resolution. The Chairman will then respond in writing to the grievant within fifteen (15) working days as to their decision.

PERSONS WITH DISABILITIES

SCHRA does not discriminate in employment opportunities or practices, including recruitment, hiring, promotion, training, layoff, termination, compensation, benefits, or other employment-related activities based on any legally protected characteristic set out in the Equal Employment Opportunity policy. The Agency complies with the Americans with Disabilities Act of 1990 (ADA) and State of Tennessee *Code Sec. 8-50-103* and ensures equal employment opportunity for qualified persons with disabilities.

Employment opportunities will be afforded to persons with disabilities who are qualified to perform the essential functions of the job, with a reasonable accommodation, if necessary and available.

The Executive Director, Facilities Manager, Safety Officer, and Human Resources Director will be responsible for implementation of guidelines and operational procedures related to ensuring Agency compliance with the ADA.

Employees who experience a serious health condition may be entitled to leave under the Family Medical Leave Act (FMLA) or an extension of their medical leave as a reasonable accommodation under the ADA. Questions regarding leave rights should be directed to Human Resources Director.

Employees with a qualifying disability that requires an accommodation should contact the Human Resources Director.

EMPLOYMENT CATEGORIES AND DEFINITIONS

SCHRA classifies employees and defines categories and responsibilities of employment according to the Fair Labor Standards Act (FLSA). SCHRA expects all persons associated with the Agency, regardless of relationship, to respect and follow the policies and procedures.

The following are the descriptions of each category.

EMPLOYEE CATEGORIES

Exempt and Non-Exempt

“Exempt” employees are exempt from the overtime pay provisions of the Fair Labor Standards Act. “Non-exempt” employees are eligible for overtime rates for all hours worked over 40 in a given workweek. See “Employment Definitions” on page 24, below, for additional detail.

Regular Full-Time Employee

A regular full-time employee is an employee regularly scheduled to work at least 30 hours per week, may be exempt or nonexempt, and is not in a temporary status. Regular full-time employees are eligible for all standard benefits, subject to the terms, conditions, and limitations of each benefit program.

Eligible Regular Part-Time Employee

An eligible regular part-time employee is an employee regularly scheduled to work less than 30 hours per week, but a minimum of 10 hours per week, may be exempt or nonexempt, and is not in a temporary status. Regular part-time employees are eligible for some standard benefits, subject to the terms, conditions, and limitations of each benefit program.

Non – Eligible Regular Part-Time Employee

A non-eligible regular part-time employee is an employee regularly scheduled to work less than 30 hours per week, may be exempt or nonexempt, and is not in a temporary status. Non-eligible regular part-time employees are not eligible for SCHRA benefits except those legally required.

Introductory Employee

All exempt and nonexempt regular full-time and regular part-time employees serve an introductory period for the first 180 days of employment. Before the end of the introductory period, a written evaluation will be made by the employee’s immediate

supervisor, based on satisfactory SCHRA standards, for the purpose of determining the employee's continued employment with the Agency. ***(Reference Introductory Period Pg. 36)***

At any time during the introductory period an employee's supervisor may recommend an employee be terminated. Any such recommendation for termination should be submitted to the Executive Director and Human Resources Director for review and should include an evaluation and listing of actions taken to assist the employee. Employees in their introductory period may be terminated by the Executive Director without grievance or appeal rights. Employees transferring to a different position with the Agency will serve a second introductory period of ninety (90) days. Should, during this ninety days, an employee be unable to perform satisfactorily, the employee may, at the discretion of management, be returned to their original position if a vacancy exists, placed on layoff status or terminated for performance.

Temporary Employee

A temporary employee is hired as an interim replacement to supplement the work force or to assist in a specific project. Temporary staff will be hired in only an emergency situation and employment should be limited to 180 days of a calendar year.

Employment assignments in this category are of a limited duration. Temporary employees retain that status until notified of a status change. Temporary workers receive all legally required benefits but are not eligible for any of SCHRA's benefit programs.

Substitute Employees

These individuals are hired on an "as needed" basis to work in positions which require attendance to maintain licensing required ratios or grantor mandated performance.

Substitute workers receive all legally required benefits but are not eligible for any of SCHRA's benefit programs.

NON-EMPLOYEE CATEGORIES

Volunteer

The term "volunteer" means an unpaid person who is not an Agency employee but is trained to assist in implementing ongoing program activities on a regular basis under the supervision of a staff person in areas such as health, education, nutrition, social services, and management.

Independent Consultant/Contractor

A person who receives compensation for professional or technical services as described in the Fair Labor Standards Act and IRS Tax Regulations, at a fee agreed upon and paid by the Agency, who is engaged as an independent contractor (or third-party contractor) for specified services and is not an SCHRA employee. Consultants will be informed that their compensation will be reported to the IRS and IRS Form 1099 will be issued for all contracts of six hundred dollars (\$600) or more.

Governing Body – SCHRA Governing Board and Committee

The group with legal and fiscal responsibility for administering federal, state, and other funded programs of the Agency.

Head Start / Early Head Start Policy Council / Committee

The formal group of parents and community representatives required to be established by the Agency to assist in decisions about the planning and operation of the Head Start/Early Head Start program.

EMPLOYMENT DEFINITIONS

Employees are classified as exempt or nonexempt from the overtime provisions of the FLSA (29 CFR Part 541) and state wage and hour laws.

Exempt Employee

Employees in exempt positions are:

- Paid on a salaried basis meeting the federally mandated minimum
- Meet the DOL requirements for exemption and excluded from specific provisions of federal and state wage and hour laws.
- Not eligible for overtime pay or compensatory time pay.

Nonexempt Employee

Employees in nonexempt positions are:

- Paid on an hourly basis.
- The Agency allows the practice of “compensatory time” for non-exempt employees under these guidelines.
- Compensatory time must be approved in advance by supervisor.
- Compensatory time earned will be supported by properly completed Paycom time clock report or time sheets/personal activity report, approved by supervisor.

- Compensatory time is provided at an hour for hour basis for hours worked in excess of 37.5 in a work week but less than 40. One and half times the hours will be given for hours worked in excess of 40.
- Compensatory time should be taken as soon as possible upon earning, preferably during the same time period earned.
- Compensatory time must be used prior to paid sick or annual leave.
- Compensatory time earned may be applied retroactively to previous absences only within the same work week at the discretion of the supervisor.
- Under no circumstances shall an employee be permitted to accrue in excess of 240 hours of compensatory time. This section does not authorize an exception to the foregoing requirement that compensatory time be taken as soon as possible after being earned.
- Upon termination, any unused compensatory time will be paid with the employee's final pay.
- Any work schedule that may routinely exceed 40 hours per week must be approved by Program Director and Executive Director prior to the schedule changing. (**Reference Overtime/Compensatory Policy Pg. 75**)

OUTSIDE EMPLOYMENT

SCHRA's policy regarding outside employment is to ensure other outside employment does not interfere with an employee's performance or ability to meet the job requirements at the Agency. Employees may hold outside employment as long as the outside employment is not with a competitor, supplier or one that may involve the use of or access to confidential or proprietary information.

Employees who are employed outside the Agency, or are considering employment outside the Agency, are required to review the employment situation with the Executive Director to ensure a conflict of interest does not exist and that the employee will be able to fulfill the responsibilities of his/her position.

Employees are required to report any outside employment in writing using the SCHRA Outside Employment Form.

When an employee provides consultation or training to organizations on his/her own time, and the service is rendered entirely outside of the employee's working hours, the service is considered outside employment. In this situation, the use of SCHRA office equipment and supplies and the utilization of SCHRA personnel in the preparation of such services are prohibited.

Employees are prohibited from utilizing other SCHRA employees for services not related to Agency business during an employee's regularly scheduled work hours. Supervisory employees shall not require subordinates to participate in non-SCHRA activities.

If it is determined that an employee's outside work interferes with job performance, the ability to meet the requirements of their position, or has an adverse impact on SCHRA due to conflict of interest, the employee may be required to terminate the outside employment if he or she wishes to remain with SCHRA.

Employees are not allowed to work for another employer while on a leave of absence (leave for FMLA will be evaluated on a case by case basis) or while absent from the Agency because of illness.

CONFLICT OF INTEREST POLICY

General Rule

No full-time or part-time SCHRA employee whose duty it is to let out, overlook, or in any manner to supervise any work or any contract in which SCHRA is or may be interested, shall have a “personal interest” in any such contract or work. This policy also covers volunteers providing services to SCHRA. Governing Board Members’ conflict of interest rules are set out in T.C.A. 12-4-101 and by the Special Addendum at the end of this section.

Definition of “personal interest.”

- (a) Any financial, ownership, or employment interest in the work or contract or matter to be supervised; or
- (b) Any such financial, ownership, or employment interest of the employee’s spouse or domestic partner, parent, step parent, child, or step child, grandparent, grandchild, or sibling – or the spouse of any of the foregoing persons.
- (c) The words “employment interest” include a situation in which an employee or an above-designated family member is negotiating possible employment with a person or organization that is the subject of the work or contract supervised.
- (d) In any situation in which a personal interest is also a conflict of interest under state law, the provisions of the state law take precedence over the provisions of this chapter.

Disclosure Requirements

1. At the inception of employment, contract, agreement or volunteer service to the Agency, and on an annual basis thereafter during designated trainings, the Conflict of Interest Policy will be reviewed by all employees, volunteers, consultants, and contractors. Using the Conflict of Interest Certification form, these individuals will report all personal interest conflicts defined in this Policy. These forms are sent to the Human Resources Director and Executive Director for review and are then reported to the Board Chairperson and independent auditor.
2. If any new potential interest conflict arises during the year, the employee must – on their own initiative – promptly submit a signed, updated disclosure form.
3. The Accounting Department will make available to all SCHRA work sites, through electronic or other means, a comprehensive listing of Agency vendors/contractors with whom the Agency has conducted business during the previous fiscal year.

4. The Executive Director will review all forms completed by employees with reports of conflicts, and report to the Board Chairperson. The Executive Director will determine appropriate resolution in accordance with the remainder of this policy.
5. Prior to management, board, or committee action on a contract or transaction involving a conflict of interest, an employee having a conflict of interest and who is in attendance at the meeting will disclose all facts material to the conflict of interest. Such disclosure will be reflected in the minutes of the meeting.
6. An employee who plans not to attend a meeting at which he or she has a reason to believe SCHRA management, Governing Board or committee will act on a matter in which the employee has a conflict of interest will disclose to the chair of the meeting all facts material to the conflict of interest. The chair will report the disclosure at the meeting and the disclosure will be reflected in the minutes of the meeting.
7. An employee who has a conflict of interest will not participate in management's, the Board's, or the committee's discussion of the matter except to disclose material facts and to respond to questions. Such person will not attempt to exert his or her personal influence with respect to the matter.
8. An employee who has a conflict of interest with respect to a contract or transaction that will be voted on at a meeting will not be counted in determining a quorum for purposes of the vote. The person having a conflict of interest may not vote on the contract or transaction. Such person's ineligibility to vote and abstention from voting will be reflected in the minutes of the meeting.
9. If required by federal awarding agencies, SCHRA will notify those agencies in writing of any conflict of interest as defined by this Policy or the regulations of the federal awarding agency.

Resolution of Conflicts of Interest

An employee may appeal an Executive Director's decision that a conflict exists as follows:

- An appeal must be directed to the Board Chairperson.
- Appeals must be made within 30 days of the Executive Director's determination.
- Resolution of the appeal will be made by vote of the Governing Board.

- Governing Board members who have a conflict of interest with respect to the subject of the appeal, will comply with the provisions of T.C.A. 12-4-101.

Disciplinary Action for Violations of This Policy

Failure of any employee to comply with the standards contained in this policy will result in disciplinary action that may include termination, referral for criminal prosecution, and reimbursement to the Agency or to the government, for any loss or damage resulting from the violation. As with all matters involving disciplinary action, principles of fairness will apply. Any employee charged with a violation of this policy will be afforded an opportunity to explain her or his actions before disciplinary action is taken.

Disciplinary action (discipline, termination, revocation of voting or of contract, or cancellation of contracts) will be taken:

1. Against any employee, volunteer, consultant, or contractor who authorizes or participates directly in actions that are a violation of this policy.
2. Against any employee, volunteer, consultant, or contractor who has failed to report a violation or deliberately withheld relevant and material information concerning a violation of this policy.
3. Against any employee who attempts to retaliate, directly or indirectly, or encourages others to do so, against any employee who reports a violation of this policy.

Acceptance of gratuities, etc. A SCHRA employee may not accept, directly or indirectly, any money, gift, gratuity, or other consideration or favor of any kind from anyone other than SCHRA:

- (1) For the performance of an act, or refraining from performance of an act, the employee would be expected to perform, or refrain from performing, in the regular course of their duties; or
- (2) That might reasonably be interpreted as an attempt to influence the employee's action, or reward the employee for past action, in executing SCHRA business.

Honoraria Acceptance

An SCHRA employee will not accept an honorarium for an activity conducted where Agency-reimbursed travel, work time, or resources are used or where the activity can be construed as having a relationship to the employee's position with SCHRA; such activity would be considered official duty on behalf of SCHRA. A relationship exists between the activity and the employee's position with SCHRA if the employee would not participate in the activity in the same manner or capacity if they did not hold their position with SCHRA. The employee should make every attempt to avoid the appearance of impropriety.

An employee may receive an honorarium for activities performed during regular nonworking hours or while on annual leave if the following conditions are met:

- All expenses are the total responsibility of the employee or the sponsor of the activity in which the employee is participating.
- The activity has no relationship to the employee's SCHRA duties.

Nothing in this policy is intended to be interpreted as preventing the payment to SCHRA by an outside source for actual expenses incurred by an employee in an activity, or the payment of a fee to SCHRA (in lieu of an honorarium to the individual) for the services of the employee. Any such payments made to SCHRA should be deposited to the SCHRA account and an appropriate entry should be made coded to the same program or department to which the employee's corresponding time was charged.

Use of information.

(1) Except as required by management directive or law, an employee may not disclose any information obtained in his official capacity or position of employment that is made confidential under state or federal law.

(2) An employee may not use or disclose information obtained as a result of their employment with the intent to result in financial gain for the employee or any person or entity with whom the employee has a personal interest as defined in this Policy.

Use of SCHRA time, facilities, etc.

An employee may not use or authorize the use of SCHRA time, facilities, equipment, or supplies for private gain or advantage to the employee or any person with whom the employee has a personal interest as defined in this Policy.

Special Addendum of Governing Board Members

(C) CONFLICT OF INTEREST- Members of the governing body shall--

(i) not have a financial conflict of interest with the Head Start agency (including any delegate agency);

(ii) not receive compensation for serving on the governing body or for providing services to the Head Start agency;

(iii) not be employed, nor shall members of their immediate family be employed, by the Head Start agency (including any delegate agency); and

(iv) operate as an entity independent of staff employed by the Head Start agency.

(D) EXCEPTION- If an individual holds a position as a result of public election or political appointment, and such position carries with it a concurrent appointment to serve as a member of a Head Start agency governing body, and such individual has any conflict of interest described in clause (ii) or (iii) of subparagraph (C)--

(i) such individual shall not be prohibited from serving on such body and the Head Start agency shall report such conflict to the Secretary; and

(ii) if the position held as a result of public election or political appointment provides compensation, such individual shall not be prohibited from receiving such compensation.

CRIMINAL CONDUCT OR HISTORY

1. Applicants or employees will be notified if a criminal record check will be conducted and will be required to complete a Disclosure and Authorization form in accordance with the Fair Credit Reporting Act (FCRA), authorizing SCHRA to conduct a criminal record search.
2. Unless otherwise provided by law, a criminal record will not automatically disqualify an applicant or employee. Rather, determinations of suitability based on criminal record checks will be made consistent with this policy and any applicable law or regulations.
3. If SCHRA intends to make an adverse decision based on the results of the criminal background check, the applicant or employee will be notified immediately. The applicant or employee will be provided with a copy of the criminal record, this SCHRA policy, and the FCRA Summary of Rights, and will be advised of the part(s) of the record that make the individual unsuitable for the position. SCHRA will provide the applicant or employee with an opportunity to dispute the accuracy and relevance of the criminal record.
4. If SCHRA reasonably believes the record belongs to the applicant or employee and is accurate, SCHRA will conduct a documented Individualized Assessment to determine the applicant or employee's suitability for the position at issue.
5. No applicant or employee will be disqualified because of their criminal history without the review and concurrence of a Human Resources professional.
6. If a current employee is arrested and/or charged with any criminal offense (excluding non-moving traffic offenses), (s)he is required to report such charge to the Executive Director, no later than the next business day. **Failure to make such report may result in termination.**
7. A criminal charge is not, by itself, cause for dismissal. However, the Executive Director, Head Start Policy Council or Governing Board may suspend an employee without pay pending the outcome of an investigation if the nature of the crime would, in the Executive Director's or Board's judgment, impair the employee's ability to perform required job duties, or if the purported crime was against the Agency or its employees, delegate agencies, contractors or suppliers, or clients.
8. Any statutory requirements, or program or grant contract requirements, will take precedence over the above policy.

EMPLOYMENT OF RELATIVES/NEPOTISM

SCHRA prohibits employment of relatives in a direct reporting relationship (supervised directly or indirectly by the relative) to avoid creating circumstances in which the possibility of favoritism, conflict of interest, or impairment of efficient operations may occur. For purposes of this policy, relatives are defined as "immediate family" meaning wife, husband, son, daughter, mother, father, brother, sister, step-relative, or a relative by marriage of comparable degree, significant other, and fiancé. Administrators and managers will exercise caution in hiring decisions to ensure that a new employee is not placed in a direct reporting relationship with a relative as defined by this policy.

Employees are prohibited from using their positions for a purpose that is, or gives the appearance of, being motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business, or other relationships.

Further, a person with an immediate family member serving on a board or committee, whom either by rule or practice regularly nominates, recommends, or screens candidates for positions with SCHRA may not be employed.

Relatives of current employees may not occupy a position that will be working directly for a relative. Individuals involved in a dating or close personal relationship with a current employee may also not occupy a position that will be working directly for or supervising the employee with whom they are involved in a dating relationship.

- If, due to promotion, a direct reporting relationship is created between relatives, the Executive Director will work with the employees to resolve the situation. Resolution may include transfer of one family member or a change in reporting relationships. Human Resources Director will be contacted to discuss resolution options.
- If the relative relationship is established after employment, the Executive Director and Human Resources Director will work with employees to resolve the situation. Resolution may include transfer of one family member or a change in reporting relationships. Program Director will contact Human Resources Director to report the relationship and discuss resolution options.
- No employees will be transferred into a position that would result in a reporting relationship to a relative, including "indirect" reporting.

When the Agency cannot adequately staff positions without hiring an immediate family member, the Agency may deviate from this policy. However, employment records must provide evidence that no other individual within the service area is qualified and available for employment. This must be approved by the Agency's Executive Director, Human Resources Director and Governing Body.

In other cases where a conflict or the potential for conflict arises because of the relationship between employees, even if there is no line of authority or reporting relationship involved, the employees may be separated by reassignment or terminated from employment.

Employees in a relationship will refrain from public workplace displays of affection or excessive personal conversation.

JOB POSTING

Job openings are posted on bulletin boards, the Agency website, newspapers, and other job recruitment websites. They normally remain for 14 days for external postings and 7 days for internal postings. Each job posting notice may include, but is not limited to, the date of posting, job title, component/program, location, job summary, essential duties, skills, and abilities necessary to perform the job, and degrees or certification required for the job.

Employees who have a written record of job performance counseling received in the last 90 days on file, or are on probation or suspension, are not eligible to apply for posted jobs.

Current employees interested in applying for an opening should submit a request by phone or e-mail to Personnel Specialist. Employees must possess the necessary knowledge, skills, and abilities (KSAs) to perform the work of the open position to be considered for an interview.

Program Director, Human Resources Director, and/or the Hiring Manager determine the pool of candidates to be interviewed and conduct interviews in conjunction with the appropriate staff or committees. Past work history, including unexcused absenteeism, will be considered in making the final determination. Human Resources Director or Personnel Specialist will extend offers of employment and notify interviewees who were not selected.

All decisions concerning promotions, transfers, demotions, etc., are made without regard to race, color, religion, sex, pregnancy, childbirth, gender identity, sexual orientation, age (age 40 and up), national origin, disability which can be reasonably accommodated, veteran status, military service, genetic information, use of a guide dog, or any other characteristic protected by law.

The Executive Director may waive posting job requirements based on Agency needs including, but not limited to, allowing a current employee who has documented performance, attendance and qualifications to be transferred into the opening.

EMPLOYEE ORIENTATION

SCHRA's new employees must understand mission, vision, values, goals, and objectives. This includes the scope of services and locations and an employee's contribution to the accomplishment of those goals and objectives. All newly hired employees are required to participate in the Employee Orientation Program.

All staff members, volunteers and consultants are to be provided with information and training about the underlying philosophy and goals of the Agency and the program in which they work.

New Employees' and Volunteers' Responsibilities:

- a. Participate in appropriate orientation processes.
- b. Seek information to enhance his/her orientation process.
- c. Complete and return appropriate personnel forms within instructed time frames.

INTRODUCTORY PERIOD

SCHRA's new employees, rehired regular employees and all current regular employees who have transferred or been promoted to a new position are placed on an introductory status. This policy does not apply to temporary employees or to those employees who are provided employment opportunities through special employment and training program agreements.

The introductory period gives employees the opportunity to decide whether the position suits them and gives the Agency the opportunity to decide whether the employee meets the expectations of the position. The introductory period is defined as 180 calendar days for new or reemployment and 90 calendar days for employees who transfer to a new position. Periods of layoff or leave are not included in the 90 or 180 day period.

Before completion of this introductory period, supervisor conducts a formal performance appraisal with the employee to review the employee's progress/performance to date. Introductory periods may be extended, if deemed appropriate, by Program Director and Human Resources Director for a period not to exceed 6 months.

Transferred or promoted employees who do not meet job requirements in their new position during introductory period may be returned to their original job, if a vacancy exists, placed on layoff status or terminated at the discretion of the Agency.

HUMAN RESOURCES RECORDS

SCHRA ensures the proper handling of, and limiting Agency liability of, confidential information and paper records pertaining to employees and their personnel matters. Employees are responsible for notifying Human Resources Department immediately if there is a change in any of the following information:

- a. Full Legal name
- b. Home mailing address
- c. Telephone number – Home and Cellular
- d. Email Address
- e. Marital status
- f. Number and names of dependents
- g. Number of tax exemptions on your W-4 form
- h. Insurance classification
- i. Emergency contacts
- j. Beneficiary changes
- k. Driving record or status of driver's license (if you operate any Agency vehicles)
- l. Military or draft status
- m. Training certificates
- n. Professional license

Failure to inform of personal data changes may have a significant impact on benefits and the ability to contact the employee or a family member in the event of an emergency.

Employees have the right to review their file contents. With reasonable advance notice, employees may review their own personnel files in the Human Resources Department and in the presence of an individual appointed by the Agency. Employees who wish to review their own file should make a written request to the Human Resources Director. SCHRA will respond within seven (7) business days of the written request.

Exceptions to an employee's right to review their personnel file include:

- a. Letters of reference.
- b. Materials relating to employer staff planning and business development.
- c. Information of a personal nature about another person, the disclosure of which could constitute an unwarranted invasion of privacy.

Written and electronic records/files will be retained as required by regulatory and grantor requirements and maintained according to the Agency's Personnel Records Retention Policy.

ATTENDANCE

SCHRA understands occasions arise when an employee must be absent from work. At the same time, it is important for employees to understand that in order for SCHRA to operate efficiently and effectively, regular attendance of all employees is imperative and expected.

Employees need to be present and accountable during their scheduled work time.

Definitions of absences are:

1. **Authorized Absence:** The employee notifies immediate supervisor in advance or as soon as practicable, and obtains approval to be away from or late, to work. This includes absences such as vacations, holidays, sick, FMLA covered absences, bereavement, jury duty, military duty days, etc. Advance notification of an absence is necessary to make arrangements to handle work in the absence of a scheduled employee.
2. **Unauthorized Absence:** An employee not reporting for work, not calling in, and not having a valid reason for an absence, as determined by the immediate supervisor and this policy.
3. **Tardiness:** An employee being late for work, or leaving early from work on any work day without giving prior notification and receiving approval for the tardiness.

A nonexempt employee who does not work or does not work his/her full shift is paid only for the actual time worked. If an employee has not called in to the immediate supervisor before the start of scheduled work time, the employee is normally considered as having an unauthorized absence without pay. Time sheets/personal activity reports must be completed accordingly.

Excessive Absenteeism/Tardiness

1. Absenteeism or tardiness affects job, program, and Agency performance. If it is determined that unexcused absenteeism or tardiness has become unreasonable, immediate supervisors and Program Director should consult with Human Resources to determine the appropriate action.
2. An employee who has chronically or excessively unexcused absences or tardiness may be subject to disciplinary action up to and including termination.

Unreasonable tardiness (Defined):

Exempt Staff – consistent attendance that does not meet the standard pay period for the agency; more than eight (8) pay periods which report hours worked that are less than the standard pay period (75 hours/pay period) within a 12 month period.

Non-Exempt Staff – Eight (8) work days in which an employee has unscheduled reporting late to work or leaving early from work within a 12 month period.

CONFIDENTIALITY OF AGENCY AND CUSTOMER INFORMATION

SCHRA has information that should not be discussed with anyone outside the Agency, except when required in the normal course of business. Information concerning service recipients or the activities or operations of the Agency must be treated as confidential and on a need-to-know basis.

1. All information pertaining to SCHRA clients is confidential and must not be discussed with or divulged to anyone outside the Agency without a written release of information. Inside the Agency customer information is shared on a "need to know" basis. Even the presence of a particular customer should not be acknowledged to others without proper authorization.
2. Confidential information is to be used only in connection with the legitimate functions of an employee's job duties. The release of confidential information will occur only with a proper written release of information authorization.
3. If an employee leaves, the employee must surrender all information-bearing items in his/her possession, whether or not containing confidential information, including but not limited to, storage media, notebooks, reports, other information from a third party or anything containing SCHRA confidential information.
4. If an employee is contacted about confidential information, the employee should direct the inquiring party to Program Director, Human Resources Director, or Executive Director. Customer files should not be removed from the designated offices of SCHRA. Accessing electronic customer data files must occur through secure data connections. Electronic customer files are not to be downloaded onto personal computers that are not sanctioned and secured by the Agency.
5. Violation of confidentiality results in disciplinary action up to and including termination of employment.

WHISTLEBLOWER PROTECTION

SCHRA requires all employees, officers, and other representatives of the Agency to observe high standards of business and personal ethics in the conduct of their responsibilities. Employees and others are encouraged and enabled to raise serious concerns internally, without fear of retaliation, so that SCHRA can address and correct inappropriate conduct and actions. It is against the values of SCHRA to retaliate against any board member, officer, employee or volunteer who in good faith reports a violation described below.

A whistleblower is a board member, officer, employee, or volunteer who reports an activity that he/she reasonably considers to be illegal or dishonest. If an employee has knowledge of, or a concern of, illegal or dishonest fraudulent activity, the employee is to contact his/her immediate supervisor, the Executive Director or the Governing Board Chairperson. It is the responsibility of all Agency representatives to report such activities. The whistleblower is not responsible for investigating the activity or for determining fault or corrective measures.

Examples of illegal or dishonest activities include, but are not limited to:

- Violations of federal, state or local laws or regulations.
- Violations of Agency's code of ethics.
- Billing for services not performed or for goods not delivered.
- Other fraudulent financial reporting.

SCHRA will make every reasonable effort to conduct all proceedings in a manner that will protect the confidentiality of all parties. However, identity may have to be disclosed to conduct a thorough investigation, to comply with the law and to provide accused individuals their legal rights of defense.

SCHRA will not retaliate against a whistleblower. This includes, but is not limited to, protection from retaliation in the form of an adverse employment action such as termination, compensation decreases, or poor work assignments and threats of physical harm. Any whistleblower who believes he/she is being retaliated against must contact the Human Resources Director, Executive Director or Governing Board Chairperson immediately. The right of a whistleblower for protection against retaliation does not include immunity for any personal wrongdoing that is alleged and investigated.

Employees are required to report complaints or concerns about suspected ethical and legal violations in writing to the Human Resources Director, Executive Director or Board Chairperson.

Once a complaint has been accepted for review, an investigation will begin. The investigation may include, but is not limited to, review of written statements from both

parties, witness interviews, obtaining witness declarations, review of documentation, and on-site investigation. Any person conducting an investigation will maintain a written record of all witness interviews, evidence gathered, the outcome of the investigation, and any other appropriate documents. Records of such an investigation will not be maintained in personnel files unless they are part of a formal corrective action. Results of the investigation will be shared with the appropriate people. When there is sufficient evidence to support the complaint, written notification of investigative findings will be sent to the complainant and the alleged violator.

If it is concluded that a violation has occurred, a determination will be made as to the appropriate sanctions or corrective action.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT

SCHRA complies with the proper handling of all private information and individually identifiable health information and outlines steps in appropriate Health Insurance and Portability and Accountability Act (HIPAA) compliance.

Any Protected Health Information (PHI) is confidential and may not be discussed with anyone except on a “need-to-know” basis in order to perform job duties. PHI contains individually identifiable information such as names, addresses, birth dates, telephone numbers, fax numbers, electronic mail addresses, social security numbers, health plan beneficiary numbers, or any other unique identifying number, characteristic, or code.

SCHRA will

1. Assign a PHI officer(s) to appropriately handle and protect confidential information.
2. Ensure regulations are applicable to all health information held or created by SCHRA.
3. Prohibit employees from using or disclosing health information except as authorized by the employee or specifically permitted by the regulation. This includes all personally identifiable health information.
4. Ensure general compliance for grant related PHI regulation is followed by SCHRA department specific PHI Officers (Senior Staff) who may be responsible for developing and implementing privacy policies and procedures.
5. Any complaint of a violation is reported to a privacy officers. They will notify an Agency PHI Officer and coordinate investigation and take appropriate action to ensure that privacy practices are being followed.
6. Secure paper records in locked file cabinets and secure electronic files with passwords. Access will be controlled by the PHI.

PROMOTIONS/ADVANCEMENT

SCHRA ensures each employee has equal access to opportunities for growth and development. First consideration will be given to internal candidates who have a history of satisfactory job performance and meet the job qualifications for the vacancies. In all its selection and promotion decisions, SCHRA complies with equal employment opportunity requirements.

Two types of advancement opportunities are outlined below:

- A promotion is the movement from one position to another position which is in a higher salary grade and may involve a salary increase. A promotion may be within a program or between programs and may result in a title change.
- A reclassification is an approved change in pay grade of an existing position as a result of significant changes in the duties and responsibilities of that position. A reclassification may result in a pay grade and/or title change.

Every effort is made to fill vacancies by promoting qualified employees. Program leaders and direct supervisors are encouraged to identify employees for promotion. Employees must possess the necessary skills, abilities, and knowledge to satisfactorily perform the work of the advanced position. Past work history, including unexcused absenteeism is also reviewed in order to make this determination.

Employees are encouraged to maintain an awareness of vacancies and to seek job opportunities for which they qualify. Employees can express an interest in a promotion, either by submitting an application to Human Resources Department as a result of a job posting or through discussions with program leaders. Interest does not have any adverse effect on the status of the employee's current position.

Program Director, Human Resources Director, and Executive Director select the appropriate candidate(s) for promotion.

The newly promoted employee is subject to an introductory period. Refer to the policy on Introductory Period for more information.

DEMOTIONS

SCHRA may find it necessary, or in the employee's best interest, to transition an employee through demotion. A demotion occurs when an employee moves into a lower pay grade level or into a position with significantly less job responsibilities. A reduction in pay may occur.

A demotion may occur when:

- An individual is unable to perform satisfactorily in the higher-level position.
- The employee requests a position with less responsibility.
- There is a restructuring of the Agency. □
- As a result of disciplinary action.

If the demotion is at the employee's request, a written letter from the employee requesting the demotion action will be required.

Supervisors will work with the Human Resources Department to ensure efforts are made to provide proper training and development opportunities via the Corrective Action process before demotion is considered.

Demotions in lieu of progressive discipline or termination are at the discretion of management.

TRANSFERS

Transfers may be temporary or indefinite/permanent; voluntary or involuntary.

SCHRA provides opportunities wherein an employee may transfer, or may be transferred, when the employee meets the job qualifications and the transfer is in the best interest of the Agency.

An employee who is transferred temporarily to a higher paying position is compensated at the rate of the new job. Temporary assignment constitutes a formal assumption of another position's duties for an established period of time, not the occasional filling in for a job or "helping out."

An employee who is transferred temporarily, at the request of SCHRA, to a lower paying position continues to be paid at his/her existing rate for as long as the temporary transfer is in effect.

If the employee has not been returned to his/her regular position at the end of 180 consecutive days from the date of temporary transfer, SCHRA reviews the situation and either returns the employee to his/her former position, extends the period of temporary transfer, or completes the transfer to the new position.

Employees must be in their current position for 180 days before being eligible for transfers. Prior to transfer, employees are encouraged to discuss their request with their current supervisor.

PERFORMANCE MANAGEMENT

SCHRA evaluates strengths and areas of improvement in the performance of all employees. The Performance Appraisal (PA) process is intended to be a positive experience to assist the employee in being successful in the performance of her/his job. Discussions regarding an employee's job performance are recommended on an informal basis as needed.

Performance management assists staff in improving skills and professional competencies, and to identify training and development needs.

The schedule for performance appraisals varies based upon the employment arrangement of the employee. The schedule typically follows:

- a. Evaluation prior to completion of the introductory period.
- b. Evaluation at least once every twelve months (annually).

The direct supervisor completes the performance appraisal and then schedules a review with the employee. The employee may complete a Self-Appraisal and provide it to the supervisor prior to the review. The employee may submit comments or statements on the performance appraisal form.

The reviewer and the employee may discuss the following topics:

- a. Previous performance plans and achievement of past goals.
- b. Current performance appraisal including demonstrating appreciation for employee contributions.
- c. Employee Self-Appraisal forms (if applicable).
- d. Constructive feedback on employee's performance.
- e. Future expectations and goals.
- f. Employee training needs and professional development opportunities.

The supervisor signs the completed form. The employee signs the completed review acknowledging that they have read and understand it, although they may not necessarily agree with the appraisal. A refusal to sign should be documented by the supervisor.

Performance appraisals are placed in the employee's personnel file and may be used for such actions as transfers, promotions, pay adjustments, and salary considerations.

Leaves of absence and breaks in service may affect the timing of performance appraisals.

LAYOFF AND RECALL

If the Executive Director determines economic or other conditions necessitate a reduction in force / layoff (temporary or indefinite) in one or more programs, employees in the affected program(s) working in job classifications determined to have excess staffing will be laid off in the following order:

- (a) Employees filling temporary positions, in inverse order of appointment.
- (b) Part-time employees.
- (c) Introductory employees, in inverse order of appointment.
- (d) Full-time employees.

Seniority will be considered along with other criteria such as performance evaluations, disciplinary history and attendance.

South Central Human Resource Agency retains the right to recall employees in any order in the best interest of the Agency. The Agency does not guarantee every laid off employee will be recalled. An employee who declines an offered recall will go to the bottom of the recall list.

Full Time Employees laid off will retain employment status based on the following schedule:

- (a) Post Introductory Period through the completion of five years' service: 6 months
- (b) Over five years' service: 12 months

INCLEMENT WEATHER AND OTHER EMERGENCIES

The Agency strives for safety for all employees in the event of inclement weather, and other emergency situations. - In the event of a fire, storm, or other emergency, safety is most important. Employees are to move to a position of safety or exit the building as quickly as possible. Because inclement weather/natural disaster can vary to a great degree from county to county, there is a need to make decisions of closing centers/offices by specific location.

The Executive Director determines if the Agency will open or remain open in the event of severe weather conditions or other emergencies. If the decision is made not to open the Agency offices in a particular county, the Executive Director will notify Senior Staff who will notify the supervisor to inform staff of closings. When possible, a phone message will be changed to reflect the closings along with notification being posted on the Agency's social media page. All staff are encouraged to listen to local broadcast media resources for up to date information regarding school closings and Agency closings too. Employees are expected to call the main office prior to leaving for work if weather conditions are questionable.

Administrative leave will be granted when the County Government offices have been officially closed by the County Mayor and should be reflected as administrative leave on the time sheet/personal activity report.

- If the Agency is closed or closes early due to inclement weather, employees are paid for the hours they were scheduled to work for that day. All hours not "worked" for the remainder of that day should be charged to "administrative".
- Closings for Head Start/Early Head Start centers and Nutrition meal sites will follow the designated school closing schedule. Head Start/Early Head Start centers will be closed when the school system(s) in their respective county close(s). Employees will be allowed to take vacation time or leave without pay for these day(s). HS/EHS staff should monitor their local radio and television stations for information on local school closings.
- Nutrition sites will be closed when the school system(s) in their respective county close(s). However, if the County Mayor in their respective county has not officially closed County Government offices, nutrition employees may report to work. Nutrition staff should monitor their local radio and television stations for information on local county office closings.
- If the Agency remains open and the weather is questionable, employees are to determine if they feel it is safe to try and come to work or leave early. If employees choose not to come in to work, or choose to leave early, they will not be paid for hours not worked, but can use compensatory time or vacation. The

employee must contact his/her supervisor prior to the scheduled starting time to indicate if and when he/she will be arriving to work.

- If the Agency is open and the employee chooses not to come to work or chooses to leave early and then the Agency closes, he/she will receive pay for the hours the Agency closed provided he/she was scheduled to work.
- Employees who are not scheduled to work, or using vacation time, or on any other paid or unpaid type of absence are not eligible for paid time off due to weather related or other emergencies.
- If inclement weather/natural disaster occurs during regular business hours, the County Mayor will notify the SCHRA Executive Director of the situation, and they will coordinate notification to the local broadcast media and Agency offices.

SECTION 3

EMPLOYEE BENEFITS PROCEDURES

FLEX SCHEDULES

SCHRA provides alternate arrangements to allow employees greater latitude in determining their work schedules, for planned or unanticipated events, while still working a full-time workload. Flex schedules may include variations in starting and ending times or hours worked in a day (compressed work weeks). Flex schedule arrangements must either maintain or enhance the Agency's ability to serve its customers. Flex schedule arrangements will not affect career progression.

1. Employees are eligible if they are currently meeting expectations for the position.
2. Flex schedule requests must be submitted in writing to the immediate supervisor. The Human Resources Director, Program Director and Executive Director must approve the flex schedule request and the immediate supervisor is responsible for ensuring appropriate staffing. Not all flex schedule requests will be honored.
3. Once a flex schedule is in place, hours worked should only vary in exceptional circumstances as approved by the immediate supervisor.
4. Timeframe will be determined up front with the Program Director and Human Resources Director by utilizing periodic reviews to ensure the arrangement continues to make sense for the employee and the Agency.
5. Schedules may be flexed between 6:00 a.m. and 6:00 p.m. Time scheduled outside of these hours must be pre-approved by Executive Director, Human Resources Director, and Program Director.
6. Flex schedules can be terminated at any time.

TELECOMMUTING

SCHRA provides employees a mechanism to manage work and personal responsibilities while delivering high-quality service through the alternate arrangement of telecommuting. Telecommuting allows employees to work out of their homes on a specific day(s) of the week as approved.

Telecommuting requires a self-disciplined employee who can avoid the distractions not usually found in the office environment. Telecommuting does not alter the focus of the employee on Agency and customer needs.

1. Employees are eligible if they are currently meeting expectations for the position.
2. Requests for telecommuting must be submitted in writing to immediate supervisor and Human Resources Director, Program Director, and Executive Director must approve the telecommuting request and immediate supervisor is responsible for ensuring appropriate staffing. Not all telecommuting requests will be honored.
2. Not all positions are eligible for the telecommuting work arrangement, nor will all requests for telecommuting be approved.
3. Timeframe will be determined up front with Human Resources Director, Program Director and Executive Director by utilizing periodic reviews to ensure the arrangement continues to make sense for the employee and Agency.
4. Employees must be available to respond to the Agency staff during scheduled work hours. During business hours, the employee must check voicemail and e-mail as frequently as if in the office. On occasion, it may be necessary to call an employee into the office to assist with Agency needs. It will be expected the employee be available for such occasions even for same day requests.
5. Telecommuting employees are able to use an Agency provided laptop. The employee is responsible for internet access (required for telecommuting), office items, and supplies. Telecommuting employees must be able to access the Agency's systems through the current method required by IT. The employee is also responsible for protecting the Agency's equipment, documents, and information from theft, damage, and unauthorized use. The Agency does not accept responsibility for damage or repairs to employee-owned equipment.
6. The Agency assumes no responsibility for injuries occurring in the employee's at home work space. The employee must have current homeowner's or renter's insurance that will cover him/her in the event of an injury that may occur to him/her while telecommuting. The employee agrees to maintain safe conditions and practices in the at-home work space.

7. Telecommuting arrangements can be terminated at any time.

HOLIDAYS

SCHRA provides regular full-time and regular part-time employees the benefit of paid holidays. Holidays are recognized as non-work days for employees.

The following are recognized by SCHRA as a holiday:

- a. New Year's Day
- b. Martin Luther King, Jr. Day
- c. Presidents' Day
- d. Good Friday
- e. Memorial Day
- f. Juneteenth National Independence Day
- g. Independence Day
- h. Labor Day
- i. Veterans' Day
- j. Thanksgiving Day
- k. Day after Thanksgiving
- l. Christmas Eve
- m. Christmas Day
- n. Employee's Birthday

A recognized holiday that falls on Saturday is observed on the preceding Friday. A recognized holiday that falls on Sunday is observed on the following Monday.

Holiday pay is calculated based on the employee's regular hourly rate multiplied by the number of hours the employee was regularly scheduled to work that day. If an employee was not scheduled to work, then no holiday pay will be awarded.

An employee must be in a "paid" status the day before or the day after a holiday in order to receive holiday pay.

If a paid holiday falls during an employee's scheduled vacation period, holiday pay is provided and he/she still has a vacation day to use.

Employees on a paid approved leave of absence are eligible for holiday pay. If the approved leave of absence is not paid, the employee is not eligible for holiday pay.

Holiday pay is not counted as hours worked for the purposes of determining overtime.

VACATION

SCHRA provides vacation time for employees to refresh themselves and encourages and supports all employees to use vacation time regularly. All regular full-time and regular part-time employees earn and use vacation time in accordance with the guidelines outlined below.

Vacation time earned is reported on each employee's pay stub. Vacation is earned based on hours paid and rate for service years.

An eligible employee earns vacation time from the date of hire. Increased accrual rates are based on the employee's regular work schedule and length of service at either 60, 120, or 240 months of service.

Full-Time agency employees who have previous full-time service with State of Tennessee Human Resource Agencies, Development Districts and other State of Tennessee Departments and Agencies shall be eligible to receive prior year service for accrual rates.

Eligible employees wishing to receive prior months(s) service from SCHRA upon re-employment or when transferring from other qualifying state agencies employees must request Prior Service form from HR Department to provide written verification from previous employer which includes hire date, termination date and months of service in order to receive the higher accrual rate. Written verification shall be maintained in personnel record.

Adjusted accrual rates for prior service shall be effective upon receipt and approval of previous employer's written verification.

Employees earn vacation time based on the following schedule and accrual rates as established in the *State of Tennessee Attendance and Leave Manual*. Service time is based on their agency anniversary date plus any prior month's service added based on above criteria:

Completed Yrs. of Service	Accrual Days per Month	Max. Carry Over Days @ Fiscal Year End	Max. Carry Over Hours Based on FT (7.5) Schedule
Less than 5 Years	1.00	30	225
5+ Years	1.50	36	270
10+ Years	1.75	39	292.5
20+ Years	2.00	42	315

Employees must request approval from their immediate supervisor, in writing, i at least two weeks in advance. Management may make exceptions for valid emergency leave request where prior notice is impractical.

When scheduling conflicts arise, priority for vacation leave is established at the discretion of management. Decisions about vacation time and scheduling are the responsibility of the supervisor and Program Director. Decisions of vacation approval must consider continuity of Agency operations.

Vacation cannot be used retroactively to excuse and otherwise unexcused SCHRA strongly encourages employees to use their vacation every calendar year. However, vacation can be carried over from one fiscal year to the next - up to a maximum of days allowed for equivalent service time, multiplied by scheduled hours. E.g. (30 Days x 7.5 hr. schedule = 225 carry over maximum; or 30 Days x 3.0 hr. schedule = 90 hr. maximum carry over). See table above for maximums. Unless prohibited by grantor, in which case grantor regulations will be followed regarding the carry forward of any leave.

- Non-Exempt staff may use accrued vacation time off in one-half hour, hourly, full- or half-day increments
- Exempt level may only use vacation in full-day increments.
 - All partial-day absences from work must be authorized absences from the job by exempt employee's supervisor
 - Supervisors are expected to monitor partial days of work to ensure compliance with SCHRA Attendance policy
 - Partial-day absences for exempt employees will not result in a deduction from the employee's daily salary or leave balance
- SCHRA does not advance vacation.
- Any earned but unused vacation in excess of maximum carry over days as shown on the preceding table (the rate per day is determined by the number of scheduled work hours per day for employee) at the end of each fiscal year shall be rolled into the employee's sick leave balance, within grantor regulations.
- Any earned but unused vacation is paid at the time of termination up to the maximum carry over days at end of a fiscal year for an employee's service

years (the day is determined by the number of scheduled work hours in a normal work day). Vacation may not be used to extend the termination date.

- Upon providing notice of resignation, to ensure a smooth transition of duties, an employee is not allowed to take vacation.
- Vacation is not earned during any unpaid leave.

SICK LEAVE

SCHRA provides sick leave for employees to provide income protection when employees cannot work due to illness. All regular full-time and regular part-time employees accrue sick leave at a rate equal to one regularly scheduled work day per month in accordance with the guidelines outlined below.

1. Sick leave begins to accrue immediately and accruals are earned based on the hours actually paid each pay period. Based on fully paid scheduled pay periods, employee should accrue 1 scheduled work day per month.
2. All unused Compensatory Time must be used prior to the use of paid sick leave.
3. Time must be taken in half-hour, hourly, whole or half-day increments. Although exempt employees may only use sick leave in full-day increments.
4. Sick leave may not be used as additional vacation leave, but only when a person is unable to perform his/her assigned duties because of illness or injury. This could include appointments with physicians, dentists, or other recognized practitioners, or for a serious illness, disability, or injury of an eligible family member. Eligible family members are defined as spouse, domestic partner, parent, child or individuals who reside in the employee's household.
5. Vacation may be used in lieu of sick leave, but not vice-versa.
6. To qualify for sick leave pay, an employee must notify his/her supervisor (if supervisor is unavailable, contact supervisor's designee) of the problem or condition as soon as possible (but no later than 30 minutes prior to scheduled reporting time) of any day or part of a day of absence and on each day of the illness, unless prior approval from the supervisor. The request will be disapproved when:
 - Reason for the employee's absence is not covered under this section.
 - Employee's statements are found to be inaccurate or untrue.
 - Employee has not accrued sufficient time to cover absence.
 - Improper or lack of notification is determined.
7. The employee is also responsible for keeping immediate supervisor informed regularly of his/her condition. To receive paid sick leave, employees must

provide notification for each day of absence unless on an authorized paid or unpaid leave of absence.

8. Employees who have breaks in employment, including leaves of absence (e.g., worker's compensation injury, FMLA, military leave) do not accrue sick leave during their absence.
9. Employees receiving workers' compensation benefits are not entitled to sick leave.
10. If an employee uses three (3) consecutive days of sick leave, he/she may be required to bring in a medical certification releasing the employee to return to work.
11. In-home service employees will not pose a "direct threat" to the health or safety of customers they serve as described in ADA regulation 29 CFR 1630.2(r); and a physician's release to return to work will be required prior to resuming services to customers.
12. The Agency reserves the right to require a second medical opinion, at the Agency's expense, regarding an employee's absence because of illness or injury or regarding a doctor's certification of an employee's ability to return to work.
13. Sick leave may accumulate upon employment and carried forward throughout employment, subject to No. 15, below.
14. A sick leave balance does not guarantee continued employment.
15. When grant funding prohibits the carry forward of sick time from one fiscal year to another, an employee's ending balance will be recorded for future reporting to Tennessee Consolidated Retirement System (TCRS) for the calculation of "service" time when employee terminates or retires.
16. The Agency requires that employees who are on FMLA use sick leave, concurrently with FMLA leave unless the absence is due to a worker's compensation covered condition.
17. Unused sick leave is not paid out upon termination from employment, however all unused sick leave at time of termination may be counted as service time for employees enrolled in the Tennessee Consolidated Retirement System.

DONATION OF SICK LEAVE

It is the policy of the Agency to allow sick leave donations to full-time and eligible part-time employees in accordance with the guidelines established below.

Employees may share accrued sick leave with other employees currently eligible for Family Medical Leave (FMLA) that have exhausted their entire sick, vacation and compensatory leave benefits. A "Request for Sick Leave Sharing" form must be completed by the donating employee and approved by both the Human Resources Director and the Executive Director before any transfer of sick leave can occur. No eligible employee will receive more than 225 hours of sick leave during a 12 month period.

For an employee to be eligible to receive donated leave, the following must be true:

- Employee must have documented approval of eligibility for FMLA due to a "serious health condition" of either themselves or a family member.
- Employee must have exhausted all other leave available to them under the Agency's sick, vacation or compensatory time policy.

For an employee who wishes to donate leave, the following must be true:

- Employee must have greater than 75 hours of accrued Sick Leave
- The donation must not result in the donating employee having a balance less than 75 hours after donation is made
- All donations must be made in 7.5 hour increments.

Note: Information regarding an employee's FMLA status will not be released for this without consent of the employee who is approved for FMLA leave; the employee's eligibility status for FMLA would be the only information released.

PERSONAL LEAVE OF ABSENCE

SCHRA provides personal leaves of absence that are authorized, without pay, to full-time employees with one (1) or more years of continuous service, for up to six (6) weeks. Personal leaves of absence may be available to employees who have not yet qualified for FMLA and/or whose situation is not a qualifying event. It is not intended to simply provide employees with additional time off.

1. Only the Executive Director, with information provided from the Human Resources Director, may authorize personal leaves of absence.
2. Employees who wish to continue benefits coverage during their leave of absence must bear the full cost of those benefits.
3. Employees on a personal leave of absence may be informed prior to the leave as to whether or not they are guaranteed that their position or a similar position will be available when they return from their absence.
 - If a comparable position is not available at the time the employee returns to work, the employee may be offered a lesser position.
 - If no acceptable position is available at the time the leave expires, at management's discretion, the employee may be placed on layoff status or be terminated

FEDERAL FAMILY AND MEDICAL LEAVE ACT (FMLA)

SCHRA provides leaves in compliance with federal Family and Medical Leave Act (FMLA) and Tennessee Maternity Leave Law. Where applicable, both will run concurrently.

FMLA

1. Employees are eligible for leave under the federal FMLA if they have been employed by SCHRA for at least 12 months and have worked at least 1,250 hours for SCHRA during the most recent 12 consecutive month period.
2. Employees are required to exhaust all paid time off benefits to offset the “without pay” provisions of FMLA. Workers Compensation Leave is *paid* leave and the requirement for concurrent use of paid time off does not apply. Any FMLA leave longer than the employee’s earned/accrued paid time off will be without pay.
3. Under the federal FMLA, up to 12 weeks of leave may be taken during a 12-month period that begins on the employee’s first day of leave for any one or more of the following reasons:
 - a. An employee’s own serious health condition.
 - b. To care for a spouse, parent, biological child, adopted child, foster child, stepchild, legal ward, or a child of a person standing in loco parentis (who is under 18 years of age, or 18 years or older and incapable of self-care because of a mental or physical disability) with a serious health condition.
 - c. For the birth of an employee’s child, or placement of a child with an employee for adoption or foster care. Leave for birth, adoption, or foster care must conclude within 12 months of the birth or placement.
 - d. To care for a spouse, son, daughter, parent, or next of kin who is a covered military service member recovering from a serious illness or injury sustained in the line of duty. The eligible employee is entitled to up to 26 weeks of leave in a single 12-month period to care for the service member; this military caregiver leave is available during a single 12-month period, during which an eligible employee is limited to a combined total of 26 weeks of all types of FMLA leave.
 - e. Any “qualifying exigency,” as defined in regulations issued by the Department of Labor, arising from the fact that an employee’s spouse, child, or parent is on active duty status in the National Guard or Reserves in support of a contingency operation.
 - f. The leave year is a “rolling” 12-month period measured backward from the date the employee’s federal FMLA leave begins.

4. When possible, employees should notify the immediate supervisor and Human Resources Director of leave at least 30 days before the date of the anticipated leave. A written request for time off (DOL Form WH-381) must be completed. In an emergency situation, notice must be given as soon as possible, but no later than 48 hours after the occurrence of the reason for leave. Failure to make timely notification of the need for leave may result in the delaying of leave until proper notification is received.

Tennessee Maternity Leave Law

1. Tennessee's Maternity Leave Law provides that all employers, both public and private, must allow up to 4 months' maternity leave for pregnancy, childbirth, adoptions, and nursing. The law applies to both male and female employees. To qualify, an employee must have been employed for at least 12 consecutive months as a full-time employee.
2. An employee who gives at least 3 months' advance notice of his or her leave and an intention to return to full-time employment after maternity leave must be restored to his or her previous or a similar position. Employees who are unable to give 3 months' notice because of a medical emergency do not lose their right to reinstatement. Leave will not affect the employee's rights to seniority, promotion, vacation time, sick leave, or other benefits and bonuses for which he or she was eligible at the date of leave (TN Code Sec. 4-21-408). If an employee's job is so unique that the employer cannot, after reasonable efforts, fill that position temporarily, the employer will not be liable for failure to reinstate the employee at the end of her/his maternity leave period.

MILITARY SERVICE

SCHRA complies with all applicable statutes that require reservists and National Guard personnel to be given leave of absence for active duty and training exercises under Uniformed Services Employment and Reemployment Rights Act (USERRA) of 1994.

1. It is the employee's responsibility to inform immediate supervisor and Human Resources Director as soon as orders for military duty have been received. When requesting a military leave of absence, the employee should present a copy of the active duty orders.
2. Employees may substitute vacation to offset the "without pay" provision of military leave.
3. Continuation of health insurance benefits is available as required by USERRA based on the length of the leave and subject to the terms, conditions, and limitations of the applicable plans for which the employee is otherwise eligible.
4. As with all other types of leave, benefit accruals such as vacation, sick leave, and holidays are suspended during the USERRA leave and will resume upon the employee's return to active employment.
5. When an employee returns from military leave, he/she will be assigned to a position determined per USERRA regulations. Military leave time is immediately credited to the employee's length of service and all benefits apply as if the employee had never left his/her job. The employee's salary will be equal to or greater than the salary at the time the leave commenced unless salaries have declined.

JURY AND WITNESS DUTY

SCHRA accommodates all employees who are called to serve on jury duty or be a witness under the following conditions:

1. All regular full-time and regular part-time employees are eligible for jury duty pay.
2. When an employee receives a summons for jury duty, he/she must promptly present a copy of the summons to immediate supervisor.
3. Employees are expected to report for work whenever the court schedule permits, as regulated in section **22-4-106 of the TN Jury Leave law**.
4. Employees must present a copy of all fees, except travel, received for serving on the jury to immediate supervisor. The employee receives the difference between the fees received and the wages missed during the regular payroll cycle for all paid jury time.
5. Jury duty pay is calculated based on employee rate of pay at the time of the absence and the number of hours the employee would have been scheduled to work. If an employee was not scheduled to work, he/she is not paid for that time.
6. Jury duty hours are not used in the calculation of overtime.
7. Employees will continue to receive and accrue benefits during jury duty including vacation, sick leave, holiday pay, and health insurance coverage.
8. Any employee called by the Agency as a witness regarding legal litigation relative to Agency business will be paid their normal rate of pay. Any witness duty not on behalf of the Agency will require the employee to use vacation or leave without pay, if all vacation has been used.

LACTATION/BREASTFEEDING BREAKS

SCHRA supports breastfeeding mothers by accommodating the mother who wishes to express breast milk during her workday when separated from her newborn child.

1. For up to one year after the child's birth, any employee who is breastfeeding her child will be provided reasonable break times to express breast milk for her baby.
2. Breaks of more than 20 minutes in length will be unpaid, and the employee should indicate this break period on her time record. Employees may take unpaid time off for the time exceeding 20 minutes.
3. SCHRA has designated the room for this purpose. Employees who work offsite or in other locations will be accommodated with a private area as necessary.
4. Additional rules for use of the room are posted in the room.
5. A small refrigerator reserved for the specific storage of breast milk is available.
6. Any breast milk stored in the refrigerator must be labeled with the name of the employee and the date of expressing the breast milk. Any nonconforming products stored in the refrigerator may be disposed of.
7. Employees storing milk in the refrigerator assume all responsibility for the safety of the milk and the risk of harm for any reason, including improper storage, refrigeration and tampering. Additional rules for the refrigerator storage are posted in the room.

BEREAVEMENT LEAVE

SCHRA provides compensation for regular full-time and regular part-time employees who must be off work during a period of bereavement as defined in this policy.

The term "immediate family" means wife, husband, son, daughter, mother, father, brother, sister, step-relative, Grandparent and Grandparent In-Law, or a relative by marriage of comparable degree, significant other, or fiancé.

1. Employees will be paid their hourly rate of pay for the hours they normally work that day up to three (3) work days due to the death of an immediate family member as defined in this policy. 4. Employees continue to accrue vacation and sick leave time during the bereavement leave.
5. Bereavement pay is calculated based on the employee's rate of pay at the time of the absence and the number of hours they would have been scheduled to work. If an employee was not scheduled to work, he/she is not paid for that time.
6. Bereavement time off is not used in the calculation of overtime.

The Education Assistance Program encourages personal and professional development through formal education so employees can elect to maintain and improve job-related skills or enhance their ability to compete for jobs within SCHRA.

Eligible employees include:

- b. Those who have completed and submitted a written request and obtained prior approval from the Program Director, Finance Director, and Human Resources Director.

Fees reimbursable include tuition, books, and lab fee for up to two (2) courses per semester or quarter unless otherwise approved by Executive Director.

Approval for participation in the program depends on availability of funds in the budget.

Individual courses or classes that are part of a degree, licensing, or certification program must be related to the employee's current job duties or a foreseeable future position in the Agency in order to be eligible for educational assistance.

While educational assistance is expected to enhance employee performance and professional abilities, SCHRA cannot guarantee that participation in formal education will entitle the employee to automatic advancement, a different job assignment, or any pay increase.

If an employee voluntarily separates from SCHRA employment within one (1) year of receiving training, the employee may be required to repay up to 100% of the original educational assistance payment. Such repayment may be made by deduction from the employee's final pay or other monies held by the Agency.

Employees should be advised that the services' application process may include more oversight than usual in order to avoid any appearance of conflict of interest. Employee questions about the process should be directed to Program Director of Services.

SECTION 4

TIMEKEEPING AND PAYROLL

HOURS OF WORK

SCHRA maintains work hours in accordance with federal and state regulations and in accordance with workload, program participants' requirements, and the efficient management of personnel resources.

1. The workweek of the Agency begins at 12:00 a.m. Sunday and ends at 11:59 p.m. on Saturday.
2. Standard working hours are 8:00 a.m. to 4:30 p.m. Monday through Friday.
3. Employees may be required to work hours different from their regular schedule, such as evenings or weekends, depending on the needs of the Agency.
4. Non-exempt employees receive an unpaid meal period of 30 or 60 minutes in length. **See policy on Lactation/Breastfeeding**
5. Lunches should be taken away from the employees' work area between the hours of 11:30 a.m. – 1:30 p.m. and accommodate staffing needs and operating requirements.
6. During the meal break, employees are relieved from duty and are free from interruptions except when an emergency arises. If a nonexempt employee is unable to take an uninterrupted meal break during their shift, the employee should notify the supervisor, who assigns relief so the meal break can be taken or authorize the additional time. Employees may not work through meal periods without prior approval from their supervisor. Due to the required participation of the Head Start/EHS classroom staff (teachers' assistants/aids, nutrition workers) lunch will be taken to coincide with the classroom schedule.
7. Nonexempt employees scheduled to attend a meeting, training class, workshop, or seminar at the request of the Agency is paid for the hours of the meeting or seminar and the travel time within normal working hours. If employee is driving a car, they will be compensated for the hours outside normal working hours.
8. The Agency retains the option to determine the mode of transportation for which it pays travel time for any given trip. An employee is not paid for travel time exceeding the time required for selected mode of transportation.

9. Ordinary travel time to and from home is not considered work time and therefore is not paid.
10. Exempt employees that attend a meeting or class will not receive additional compensation.

OVERTIME/COMPENSATORY TIME

SCHRA maintains work hours in accordance with federal and state regulations and in accordance with workload, program participants' requirements, and the efficient management of personnel resources. In order to meet customer needs, it may be necessary for employees to work hours in addition to their normal work schedule.

(Reference Employee Definition Policy Pgs. 24-25)

The immediate supervisor will approve any deviations from regularly scheduled work hours in advance, approve all overtime hours in advance and approve employees' time card/activity reports. Disciplinary action may be taken for no prior approval for overtime obtained, refusal to work required overtime, or failure to record overtime worked.

The Agency allows the practice of "compensatory time" for non-exempt employees under these guidelines.

- Compensatory time must be approved in advance by supervisor.
- Compensatory time earned will be supported by properly completed sign-in / sign-out sheets and/or time sheets/personal activity report, approved by supervisor.
- Compensatory time is provided at an hour for hour basis for hours worked in excess of 37.5 in a work week but less than 40. One and half times the hours will be given for hours worked in excess of 40.
- Compensatory time should be taken as soon as possible upon earning, preferably the following pay period after earning the time.
- Compensatory time must be used prior to paid sick or annual leave.
- Compensatory time earned may be applied retroactively to previous absences only within the same work week at the discretion of the supervisor.
- Upon termination, any unused compensatory time will be paid on the final pay check.
- Any work schedule that may routinely exceed 40 hours per week must be approved by Program Director and Executive Director prior to the schedule changing.
- Unused compensatory time is paid upon termination of employment.

Compensatory time will be the standard compensation for hours worked over an employee's normal work week.

Payment for overtime (hours exceeding an employee's normal scheduled work week) will only if compensatory time does not apply.

TIMEKEEPING

Federal and state law and regulations require SCHRA to maintain accurate records of all time worked by non-exempt employees. Employees must record all time actually spent on the job performing assigned duties or other work-related projects.

1. New employees will receive training during orientation on procedures for completing time sheets/personal activity reports (PAR) and use of time clock.
2. All employees must accurately record the following daily through the use of time clock or other documented method for those staff who do not have continued access to Internet service:
 - Beginning and ending work time.
 - Beginning and ending of each unpaid meal period.
 - Beginning and ending time of any split shift.
 - Beginning and ending time of any departures, business or personal leave from work.
 - Comments should be added when departures from work happened during work hours to allow the supervisor the ability to determine if the departure is for work related activity or a personal absence.
 - Approved time-off (vacation, holiday, jury duty, etc.).
3. Employees are responsible for recording and verifying their own time worked. Tampering, altering, or falsifying time records or recording time on another employee's time sheet/PAR is not allowed and may result in disciplinary action, up to and including termination. Under no circumstances is an employee allowed to record time for another employee.
4. When an employee is on leave at the time when time sheets/PARs are due, the supervisor may submit a timecard for the employee. Consequently, when a supervisor submits a time card for an employee, it is the employee's responsibility to verify hours reported for that pay period upon receipt of pay. The employee should report any discrepancies to their supervisor and the Payroll Specialist immediately.
5. Employees who are late to work should record the time they actually started work. Lateness may be reflected in paychecks. Excessive tardiness may be cause for disciplinary action.
6. Only actual time worked is to be counted when calculating overtime.
7. Time Cards/PARs must be submitted to the Payroll Specialist by three (3) working days after the end of the pay period. It is the responsibility of the

employee to submit the time card/PAR on schedule. Failure to do so may result in not receiving a check for time worked until the next pay period.

8. It is the employees' responsibility to submit the time card/PARs to certify the accuracy of all time recorded. This is accomplished through the employee's electronic submission of time card/PAR or signature on a paper time card/PAR. The supervisor reviews and approves by "electronic" approval or manual signature before they are submitted and processed for payroll. In addition, if corrections or modifications are made to the time sheets/PARs, both the employee and the supervisor must verify the accuracy of the changes. Payroll Specialist or supervisor who makes changes on time sheets/PARs should notify the employee that a change has been made and the reason for the change.
9. Any exceptions to the above procedures must be approved by Human Resources Director and Finance Director.
10. Non-Exempt employees may not perform any work at home, except with specific written permission.

WAGE PAYMENT PROCEDURE

SCHRA is committed to maintaining appropriate control regarding the security and distribution of employee paychecks.

1. Employees receive paychecks or direct deposit vouchers on a biweekly basis.
2. Payroll checks are electronically deposited to an account at a financial institution that the employee designates.
3. Employees must have direct deposit. Employees are responsible for keeping their bank information current in the Agency's designated HRIS system.
4. Notify the Payroll Specialist or Finance Director immediately of a missing or incorrect pay deposit.
5. An annual payroll audit is conducted which requires a signature and two forms of ID by each employee.

WAGE AND SALARY ADMINISTRATION

Being responsive to market influences and federal and state prevailing wage requirements, SCHRA strives to recruit and retain highly qualified individuals. Equitable and compliant wage and salary administration not only recognizes different performance levels among employees, but also provides financial incentive for employees at all levels of the Agency.

Employees receive fair and equitable compensation not to exceed salaries for similar positions in the community and do not receive less than minimum wage. SCHRA has an established pay schedule as part of an approved salary plan.

Employees may be considered for wage/salary adjustment based on the following situations:

- a. Workload or job responsibilities adjustment
 - Adjustment for substantial, documented reassignments or changes in the duties/responsibilities within the same position may be initiated after consultation with immediate supervisor and Human Resources Director.
- b. Change in position
 - An employee who moves from one position to another with a higher pay grade is paid at least the minimum of the new pay range.
 - Employees whose current salary is already within the pay range for the higher level position may be granted a salary increase dependent upon the availability of funds, internal equity, and other pertinent factors.
 - Change to a position in the same pay grade is not eligible for an increase, and change to a lower pay grade may be subject to a corresponding salary reduction. However, when the change is due to a re-organization, an employee's years of service, relevant experience in the job that the employee is transferring to and past performance will be considered when determining the rate for the new position which is in a different pay grade.
- c. Merit increases
 - Increases are based on the level of performance identified through documentation, including an outstanding appraisal.
- d. Cost of Living increases
 - Cost of living increases are determined by funding agency guidelines.

- Employees who receive a salary increase as a result of a promotion or change in job responsibilities will receive a cost of living increase immediately.
- Cost of living allowances, if any, are determined annually and are subject to the approval of the Agency Governing Body. Cost of living allowances, including retroactive COLAs, are only paid to actively employed staff.

LONGEVITY INCENTIVE PAY

SCHRA may provide an annual lump sum payment based on eligibility, rate, and calculation within budgetary limitations for each program/grant. This incentive is intended to reward employees for service to the Agency and encourage those employees to remain employed by the Agency.

Eligibility

Upon completion of 36 months of service, part-time and full-time staff, are eligible to receive an annual longevity incentive pay. Eligibility may be affected by budgetary limits, grant regulations and federal/state law.

1. If employee's work is funded by a grant that does not allow longevity incentive pay, the employee is not eligible
2. If the employee's work is funded by a grant which, by paying the incentives, would cause budgetary deficits, the employee may not receive incentive pay.

Compensation

Eligible employees shall receive longevity incentive pay at an established rate for each full year of creditable service up to the maximum provided by this policy, budget or law.

1. The rate per year of service is established annually by the Agency's Executive Director, Deputy Director, Finance Director, HR Director, Personnel and Budget Committee, Head Start/Early Head Start Policy Council, and SCHRA Governing Board. This rate shall be call the "Incentive Rate".
2. Longevity incentive payments are not guaranteed.
3. Incentives are based on years of service @ November 30 each Agency Fiscal Year.
4. *Eligible* employee's incentive shall be paid on the first pay period paid in December each year.
5. *Eligible* part-time staff's longevity incentive pay rate shall be prorated based on their scheduled hours of work per day.
6. Incentive pay rates will follow the schedule below, not to exceed the maximum established by the Agency's leadership team in step 1 above.

Rate 1	Rate 2	Rate 3	Rate 4
Per/Yr.	Per/Yr.	Per/Yr.	Per/Yr.
\$ 25.00	\$ 50.00	\$ 75.00	\$ 100.00

Calculation

Longevity incentive pay is based on an eligible employee's total of full years of service multiplied to the incentive rate per year, up to the maximum established in the Incentive Plan for each Agency Fiscal Year.

1. Years of service are calculated by the dividing the total months of service (***Months of Service include prior service months added from allowable employers described in annual leave policy***) between an employee's start date and November 30 each fiscal year by 12.
2. Partial years will not be considered in the calculation.
3. *Eligible* employees' result of the above calculation will be multiplied to the Plan's rate per year then adjusted to maximum amount if necessary.
4. *Eligible* part-time employee's rates will be adjusted by the % of a full day's rate. Ex. Part-Time Employee is scheduled to work 15 hours per week, meaning an average of 3 hours per day. $3/\text{hrs. divided by } 7.5/\text{hrs.} = 40\%$. Therefore the total longevity incentive pay will be prorated at 40% of amount for the parttime staff person. Ex. 5 Yrs. @ $100/\text{yr.} \times 40\% = \200.00 .

PAY TRANSPARENCY

The Agency will not discharge or otherwise discriminate against employees and job applicants for discussing, disclosing or inquiring about compensation.

PAYROLL DEDUCTIONS

SCHRA makes paycheck deductions from employee paychecks according to various laws and to pay for employee elected benefits. Various federal and state laws require SCHRA to make deductions for federal, state, and local income taxes and payments, as well as social security. In addition, eligible employees may voluntarily authorize deductions from their paychecks to cover contributions to the pension plan, health insurance, etc.

Mandatory deductions and wage attachments that are required by law are automatically made from all paychecks issued by SCHRA. These deductions may change as they are affected by changes in the amount earned, legislation, and the number of dependents declared. Employees desiring to change the amount withheld for taxes may submit a revised W-4 Form to the Human Resources Department.

Garnishments:

1. Additional deductions the Agency is authorized to make, or which are required by law (e.g., garnishments, child support), are automatically deducted and will not be stopped until proper documentation has been received.
2. Court orders, wage deduction summonses, tax levies, and other similar orders against an employee should be immediately forwarded to the Payroll Specialist in the Fiscal Department.
3. The Payroll Specialist will:
 - a. Notify the employee of the legal action being taken against him/her.
 - b. Provide the employee with a copy of the official court order or tax levy.
 - c. Inform the employee of the dates the garnishment will be deducted from the employee's paycheck.
 - d. Advise the employee of his/her rights under the Consumer Credit Protection Act (CCPA).
4. In the event that garnishment or similar proceedings are instituted against an employee, the Agency deducts and remits the required amount from the employee's paycheck in accordance with CCPA guidelines.
5. An employee may not be terminated for having a garnishment served against him/her. However, multiple active garnishments from multiple debt obligations impose administrative and legal burdens on the Agency and may cause a review for suitability for continued employment.

TRAVEL/EXPENSE REIMBURSEMENT

SCHRA reimburses employees for prior approved actual and necessary travel and other expenses incurred while conducting Agency business.

1. Employees required to travel for business must obtain advance approval from their supervisor.
2. Employees have 10 days to submit travel reimbursement documentation for travel advances. Failure to submit timely travel reimbursement documentation may result in disciplinary action up to and including termination.

 - b. Travel from the regular work site to a different site of official business and subsequent return to the regular work site is reimbursable for the mileage in both directions.

**Rates may be reduced to adhere to grant fund availability.*

7. SCHRA requires employee to provide proof of a current driver's license and proof the employee has adequate (as defined by State of Tennessee) automobile liability insurance before driving any vehicle on SCHRA business. It is the employee's responsibility to keep this information current and up to date in their personnel file by submitting updated documents as renewals occur.

8. Employees involved in an accident while traveling on business must promptly report the incident to Property Officer and supervisor. If an accident occurs, the employee's insurance is primary. Vehicles owned by the Agency, leased, or rented while traveling on business for SCHRA may not be used for personal use.
9. Employees driving or riding in any vehicle on Agency time are expected to observe area traffic laws, wear seatbelts, and refrain from using cellular telephones while driving. SCHRA does not reimburse employees for tickets, fines, and other traffic violations incurred by the employee.
10. If an employee is traveling out of town and experiences an unforeseen emergency (extreme illness, family emergency, etc.) the employee may be reimbursed or provided travel cost for returning early with the approval of the Executive Director and/or the Board Chairperson.

WEAPONS

SCHRA strictly prohibits firearms and weapons on the Agency's property. Employees are also strictly prohibited from carrying firearms, knives, or other weapons while they are in the course of their employment, regardless of whether they are on the Agency's property or at a location where firearms or weapons are otherwise allowed. This restriction during the course of employment applies to all employees and volunteers, and includes any location where the Agency's service is conducted.

Any employees in violation of this policy are subject to disciplinary action, up to and including termination and/or legal action as appropriate.

In Tennessee, the only exception to the foregoing pertains to employees who are properly licensed to carry concealed weapons. Those employees, and only those employees, are permitted to carry and/or store concealed weapons and/or ammunition, but only in their own motor vehicles. Such weapons and ammunition will remain concealed while in the employee's own motor vehicle (i.e., indiscernible from the ordinary observation of a person located outside and within the immediate vicinity), and will not leave the employee's own motor vehicle while it is on the Agency's property or at any time the employee is in the course of employment.

If the employee does not remain in the vehicle with the weapon, the weapon and ammunition must be kept from ordinary observation and locked within the trunk, glove box, or interior of the person's motor vehicle or a container securely affixed to such motor vehicle.

This policy does not pertain to authorized security or law enforcement personnel.

SMOKING/TOBACCO USAGE

All SCHRA programs and services will be conducted in a tobacco-free environment in order to promote wellness and maintain a safe, healthy, and efficient work environment. The term “tobacco-free” refers to all forms of tobacco and nicotine products, consumed by smoking or non-smoking means, such as cigarettes, cigars, pipes, e-cigarettes, snuff, chewing tobacco, etc. Nicotine patches are permissible. This policy applies to all persons in the SCHRA’s facilities.

No one may use tobacco or smoke anywhere on SCHRA’s premises other than designated smoking or tobacco areas outside the building. Employees who want to use tobacco or smoke during work hours must leave the premises (building) during break periods. Any employees in violation of this policy are subject to disciplinary action, up to and including termination.

Complaints for violation of this policy should be submitted to Executive Director.

DRUG AND ALCOHOL USE

SCHRA ensures the health and safety of others in accordance with the Drug Free Workplace Act of 1988. Accordingly, the unlawful manufacture, distribution, dispensing, possession, use, and being under the influence of a controlled substance (which could include prescription drugs), including cannabis and alcohol, is prohibited in the workplace.

SCHRA maintains a drug and alcohol free awareness program to inform employees about:

- a. The dangers of drug abuse in the workplace.
- b. SCHRA's policy of maintaining a drug-free workplace.
- c. Availability of an Employee Assistance Program (EAP).

Please be aware:

1. Employees are required to notify the immediate supervisor, Human Resource Director and Executive Director of any criminal conviction under a drug or alcohol statute for a violation occurring in the workplace no later than five days after such conviction.
2. Employees who have a problem with the use of controlled substances are encouraged to seek professional advice and assistance. One source of assistance may be a drug rehabilitation program acquired through health insurance provider or an Employee Assistance Program. Participation in the rehabilitation program is confidential and is encouraged by SCHRA; however, it does not preclude normal disciplinary action or relieve an employee of responsibility for performing assigned duties.
3. An employee with a drug or alcohol problem that has not resulted in, and is not the immediate subject of the requirement to take a drug test or disciplinary action may request approval to take unpaid time off to participate in a rehabilitation or treatment program under any legitimately recognized and licensed program. Leave may be granted if the employee agrees to abstain from use of the problem substance; abides by all policies, rules, and prohibitions relating to conduct in the workplace; and such leave will not cause SCHRA undue hardship.
4. The legal use of controlled substances prescribed by a licensed medical physician is permitted and is not considered a violation of this policy as long as it does not impair the employee's ability to perform the essential functions of the job effectively and in a safe manner that does not endanger persons involved at SCHRA. Employees are encouraged to volunteer this information to their immediate supervisor to ensure that all health and safety precautions are taken for all persons involved.

5. SCHRA has the right to require blood and/or urine samples in any of the following situations:
 - a. All candidates for employment may be required to submit blood and/or urine samples as a condition subsequent to an employment offer. This testing is done at the same time and in conjunction with the employment physical examination, if required. In the event that the drug test is positive, the employment offer is immediately rescinded for reconsideration.
 - b. Each prospective employee is informed of the drug-free workplace policy at the time of the interview and again at the time of the employment offer.
 - c. A current employee involved in any accident involving injury or Agency property damage at the work site or while on duty, occurring under circumstances indicating the employee's use of drugs or alcohol may have caused or contributed to the accident.
 - d. SCHRA has reasonable suspicion that an employee's behavior is being influenced by one or more illegal drugs, alcohol, or misuse of a controlled substance.
6. Employees refusing to submit to a test or testing positive for drugs or alcohol are subject to disciplinary action up to and including termination. SCHRA determines, on a case-by-case basis, whether first-time offenders are allowed to seek counseling/rehabilitation as an alternative to termination.
7. Any employee testing positive has the right to appeal the results and have the original sample retested at his/her own expense. If the test again indicates a positive result, SCHRA may take disciplinary action up to and including immediate termination.
8. Any employees in violation of this policy are subject to disciplinary action, up to and including termination and/or legal action as appropriate.
9. Certain departments (ex., Transportation) may have different requirements from those set out above.

EMPLOYEE ASSISTANCE PROGRAM

It is the policy of the Agency to assist employees with counseling and referral services.

Personal difficulties can adversely affect job performance. Accordingly, employees experiencing personal problems are encouraged to seek assistance from their supervisor. SCHRA has an Employee Assistance Program (EAP) which offers professional counseling and other services for employees experiencing personal issues. You may find out more about this program by contacting the Human Resources Director.

Supervisors should be alert to detect the existence of personal problems affecting their employees. Indications of personal problems include excessive absenteeism, changes in both behavior and employee attitudes, and substandard job performance.

Supervisors, where appropriate, should try to communicate with employees who seem to be experiencing problems. Depending on the circumstances, the supervisor should proceed as follows:

- If an employee's problem seems to require professional counseling, or does not lend itself to an easy solution, the supervisor should encourage the employee to arrange for such counseling services as seems appropriate.
- Employees needing extended treatment may request a FMLA in accordance with the Agency's leave policy.

5. Use of cell phones is not permitted in the classroom during scheduled classroom activities.

AGENCY OWNED CELL PHONE POLICY

Cell phones are official Agency property. Agency cell phone are issued to employees for the purpose of conducting official Agency business. This policy includes voice, text, data, and camera capabilities.

Agency cell phones may be issued to employees whose responsibilities include frequent work communication while on travel and/or away from their permanent workstation, or where landline telephone service is not available. Requests for cell phones must be made from a Program Director or higher to the Purchasing Officer. Phones may be denied based on Agency funds availability, determined lack of need or an employee's prior misuse of Agency resources.

Employees are responsible for proper safeguarding of their assigned cell phone device. Employees must reimburse the Agency if improper or negligent care leads to damage or loss of a cell phones.

Employees are allowed limited, de Minimis personal use of cell phones. This personal use must not: 1) result in the loss of work productivity, 2) interfere with official duties, 3) result in additional expense to the government, or 4) violate the Agency Standards of Conduct.

The use of Agency cell phone to place calls while driving is generally prohibited. However, SCHRA issued cell phones are equipped with a built in hands-free device that must be used for mobile voice calls only in critical and time sensitive situations. The use of Agency cell phone to text message, check e-mail or browse the internet while driving is prohibited.

SCHRA employees with cell phones are not authorized to make any changes to their Agency cell phone service or account. The Purchasing Officer is the only authorized agent to make any changes to the Agency cell phone accounts or services with the cell phone service provider.

Unauthorized or inappropriate use of Agency cell phone may result in: 1) loss of use of cell phone, 2) disciplinary or adverse action, or 3) being held personally liable for any costs associated with the inappropriate use.

Employees separating from the Agency must return their cell phone to the Purchasing Department. Failure of a separating employee to return an assigned cell phone device may result in a deduction from the employee's final paycheck.

SOCIAL MEDIA

On Duty Social Media Use

SCHRA has determined social media is a tool that can be used to further the mission and goals of the Agency. Social media can provide a cost-effective method of engaging communities in discussion, fostering positive relationships with clients, and representing SCHRA in these emerging electronic communications.

Only specifically designated employees are authorized to communicate on behalf of SCHRA via social media. Such designated employee communications are limited to job-related topics.

Employees representing SCHRA on social media must communicate in a respectful, relevant way that protects the Agency's reputation, forwards the mission and vision of the Agency, and follows the letter and spirit of the law.

Specifically:

1. Be transparent and state they work at SCHRA – use their real name, identify that they work for SCHRA, and be clear about their role.
2. Never represent themselves or SCHRA in a false or misleading way. All statements must be true and not misleading; all claims must be substantiated.
3. Post meaningful, respectful comments – no spam and no remarks that are off topic or offensive. Use common sense and common courtesy.
4. Protect sensitive or personal information. Efforts to be transparent should never violate SCHRA's privacy, confidentiality, and legal guidelines for external communication. Clients of SCHRA should never be identified or discussed.
5. Stick to their area of expertise.
6. Keep disagreements with others' opinions appropriate and polite. If an SCHRA employee finds themselves in an online discussion that is becoming antagonistic, they should disengage from the dialogue in a polite manner that reflects well on SCHRA.
7. Never comment on anything related to legal matters, litigation, or any party involved in litigation with SCHRA.
8. Never participate in social media when the topic being discussed may be considered a crisis situation. Even anonymous comments may be traced back to their or SCHRA's IP address. Refer all social media activity around crisis topics to Program Director and/or Executive Director.

9. Always protect employee privacy and SCHRA's confidential information. Social media users should always be aware that on-duty or job-authorized social media communications are public records.

Off Duty Personal Social Media Use

Personal use of social media is the right of every employee using their own equipment and on their own time.

However, because of the high likelihood that electronic social networking activity will be viewed by co-workers or consumers (who may, for example, join a Facebook group or visit a blog), even activities conducted on personal time using personal equipment may violate SCHRA policies and could potentially lead to discipline, including termination of employment. Examples of such conduct include, but are not limited to, a posting or comment that is illegal, involves threats of violence, sexual, racial or other discriminatory statements or images harmful to SCHRA's working environment, or personal issues that create adverse publicity for SCHRA.

Even when you engage in electronic social networking outside of work using personal equipment, good judgment and responsible behavior is very important. Posts must be lawful and abide by SCHRA policies against discrimination, harassment and retaliation against other SCHRA employees or consumers.

When you choose to go public with your opinions, you are also legally responsible for your commentary. You can be held personally liable for commentary deemed to be legally defamatory, obscene, proprietary, or libelous, whether pertaining to SCHRA, its employees, other individuals, or any other entity. In essence, you participate in online discourse at your own risk, and outside parties can pursue legal action against you for inappropriate commentary.

Any employees in violation of this policy are subject to disciplinary action, up to and including termination.

PHOTOGRAPHY, AUDIO AND VIDEO RECORDING

Audio or video recording Agency conversations and/or training sessions with co-workers and clients without prior written consent is in direct conflict with the Agency's philosophy to create an environment built on trust and open communication as its team works together to generate new thoughts and ideas to further advance the success of the Agency and/or discuss and resolve business issues.

No person (employee or non-employee) shall photograph, film, videotape or make audio recordings (other than routine telephone voicemail) on Agency property or inside any Agency office except by specific written permission from the appropriate Program Director as well as the consent of all participants to the conversation or activity. The foregoing applies to the photo and audio functions on cell phones.

The following guidelines must be met before consideration will be given to any request to record a conversation:

- There must be a clearly defined and legitimate business purpose for the recording.
- Agency-owned recording devices must be used as requested from Human Resources and must be appropriately checked in/out.
- The recording device must be visible and in plain view to all participants.
- The purpose of the recording must be clearly announced at the beginning of the recording to all participants.
- The resultant recording must be maintained on Agency premises.

The Agency's security system is the only exception to this policy.

Off duty audio recording of an Agency employee concerning a work related matter is prohibited without the express consent of all parties to the conversation, which consent will be stated at the very beginning of the recording by all parties to the recording.

USE OF OFFICE EQUIPMENT, MAIL, AND SUPPLIES

SCHRA telephone and mail facilities are available during working hours for effective communication with the Agency's service recipients and business associates. The Agency's mail system and supplies are not for personal use.

1. Use of the Agency's telephone lines should be confined to business calls. Incoming and outgoing personal telephone calls should be limited to those that are necessary and should be as brief as possible.
2. Agency stationery may not be used for personal correspondence as any communication sent out on Agency stationery might be considered official communication.

USE OF AGENCY VEHICLES

Agency employees may need to travel within the service area of the SCHRA on business. When available, Agency motor pool vehicles should be used for this travel. The Agency prohibits using Agency owned or leased vehicles for personal use. Program Directors may assign for long term use an Agency owned or leased vehicle to an employee who travels on a daily basis between different work sites of the Agency. Assigned vehicles are to be kept at the employee's designated work site.

Motor pool vehicles that are signed out on a daily basis must be checked out and in with the Property Officer by signing the log for the vehicle being received.

Mileage Logs must be completed at the time of use. Vehicle should be filled with gas before being returned to the motor pool. Vehicle will be returned to the motor pool inside fenced area and keys, gas ticket, and mileage log returned to Property Officer at the end of the business day unless the following occurs:

- The employee returns after the motor pool has been closed. The vehicle should then be parked in a lighted area of the parking lot and returned promptly the next business day.
- With the prior approval of the Executive Director or Governing Board Chairperson, a vehicle may be stored / parked temporarily at an alternate site overnight. This is for employees who have temporary travel assignments which causes them to travel before or after regular business hours. Eligibility for this provision will include the purpose of the travel, cost benefit and an assessment of the efficiency of employee's work time.

Employees operating any vehicle (Agency or personal) in the performance of their job duties must possess a valid driver's license and general liability automobile insurance. It is the employee's responsibility to keep their license and insurance current. Upon necessary renewals, employees are required to submit verification to the Human Resources Department and the Property Officer.

Failure to possess these items will delay reimbursement for work travel and employee will be subject to disciplinary action up to and including termination.

SOLICITATION

SCHRA prohibits the solicitation of products and services by non-employees and limits employee solicitation during regular working hours. Such activities can interfere with the normal operations of the Agency, can be detrimental to employee efficiency, can be annoying to clients, and can pose a threat to security.

Solicitation includes, but is not limited to, asking employees for funds or contributions, offering goods for sale, asking employees to sign a petition, requesting employees to join a group, or otherwise requesting employees' support or commitment with respect to causes, groups, or interests.

During regular work hours, employees are prohibited from soliciting or distributing literature for any purpose. Regular working hours refers to any portion of the workday in which an employee is expected to be performing job duties. Regular work hours do not include such times as lunch, break time or before and/or after work.

Persons who are not employed by the Agency are prohibited from soliciting funds or signatures, conducting membership drives, distributing literature or gifts, offering to sell merchandise or services **(except by representatives of suppliers properly identified to the Executive Director)**, or engaging in any other solicitation, distribution, or similar activity on Agency premises.

The Agency may authorize fund drives by employees on behalf of charitable organizations. Employees are encouraged to volunteer to assist in these drives. However, employees will not be discriminated against because of their willingness or unwillingness to participate. BUSINESS CONDUCT

SCHRA requires Board members, committee members, and employees to observe high standards of business and personal ethics in the conduct of their duties and responsibilities, and all directors, committee members, and employees to comply with all applicable laws and regulatory requirements. Unethical actions, or the appearance of unethical actions, are unacceptable under any conditions. The policies and reputation of SCHRA depend to a very large extent on the following considerations. Each employee must apply her or his own sense of personal ethics, which should extend beyond compliance with applicable laws and regulations in business situations, to govern behavior where no existing regulation provides a guideline. Each employee is responsible for applying common sense in business decisions where specific rules do not provide all the answers.

In determining compliance with this standard in specific situations, employees should ask themselves the following questions:

1. Is my action legal?
2. Is my action ethical?
3. Does my action comply with SCHRA policy?
4. Am I sure my action does not appear inappropriate?
5. Am I sure that I would not be embarrassed or compromised if my action became known within the Agency or publicly?
6. Am I sure that my action meets my personal code of ethics and behavior?
7. Would I feel comfortable defending my actions on the 6 o'clock news?

Each employee should be able to answer "yes" to all of these questions before taking action.

Each director, manager, and supervisor is responsible for the ethical business behavior of her or his subordinates. Directors, managers, and supervisors must carefully weigh all courses of action suggested in ethical, as well as economic, terms and base their final decisions on the guidelines provided by this policy, as well as their personal sense of right and wrong.

SCHRA does not tolerate the violation or circumvention of any federal, state, local, or foreign law by an employee during the course of that person's employment, the disregard or circumvention of SCHRA policy or engagement in unscrupulous dealings, the attempt to accomplish by indirect means, through agents or intermediaries, that which is directly forbidden.

CORRECTIVE ACTION

To be effective, disciplinary action should emphasize correcting the problem rather than punishing the offender. SCHRA's policy provides for progressive disciplinary action to change an employee's job performance or behavior from unacceptable to acceptable. This policy in no way alters the policy of employment-at-will.

Progressive discipline is dependent on the circumstances and includes written expectations of performance from the supervisor; verbal conversation and warning of needed job performance improvement; written warning of needed job performance improvement; suspension without pay; and/or termination.

Depending on the nature of the violation, progressive discipline may not be followed in all cases and one or more "steps" may be repeated or skipped. In some circumstances, immediate termination may result.

PROGRESSIVE DISCIPLINE

It is the policy of the Agency that all employees are expected to comply with the Agency's standards of behavior and performance and that any noncompliance with these standards must be remedied. Overtime exempt management and professional employees are exempt from the progressive disciplinary procedures set out herein. Under normal circumstances, the Agency endorses a policy of progressive discipline in which it attempts to provide employees with notice of deficiencies and an opportunity to improve. It does, however, retain the right to administer discipline in any manner it sees fit. This policy does not modify the status of employees as employees-at-will or in any way restrict the Agency's right to bypass the disciplinary procedures suggested.

If an employee is not meeting Agency standards of behavior or performance, the employee's supervisor may take the following progressive discipline actions (depending on the severity of the employee's actions):

Training Verification, Discussion Summary and/or Disciplinary Action

- Meet with the employee to discuss the matter;
- Inform the employee of the nature of the problem and the action necessary to correct it;
- Prepare a Training Verification, Discussion Summary or Disciplinary Action form to share with the employee concerning matter; and
- Give copy to the employee and keep originals in supervisor's files.

Employee Warning: For continuous or multiple performance problems or if the action constitutes a warning upon first offense

- Prepare a written warning with supporting documentation to present to employee
- Consult with employee and present the written warning explaining the policy/procedure violation and steps to correct actions
- Warnings along with supporting documentation will be forwarded to Human Resources Director within three (3) workdays of issuance and placed in employee personnel file
- If there is a second occurrence the supervisor should hold another meeting with the employee and take the following action, depending on the severity of the employee's actions:
 - Issue a second Disciplinary Action or Training Verification (if not the same as a previous training) to the employee.
 - Give a copy to the employee and forward signed warning with supporting documentation to Human Resources Director.

- If there are additional occurrences, the supervisor should take the following action, depending on the severity of the conduct:
 - Prepare warning with supporting documentation
 - Submit written warning with supporting documentation, to Human Resources Director and Program Director, prior to being issued to employee
 - After review from Human Resources Director and Program Director/Designee the warning will be issued by the supervisor to the employee for feedback, notification, and signature
 - Upon the third warning in a twelve month period, with the approval of the Executive Director, Human Resources Director and Program Director/Designee suspend the employee and/or recommend termination
 - Warning along with supporting documentation will be placed in employee personnel file
 - Notify Network Administrator to lock, suspend or terminate employee out of all communication accounts

- Program Directors or supervisors may review an employee's personnel file to determine if an employee has a history of job performance issues that are beyond the 12 month period.

The Human Resources Director may review all employee warnings for supporting documentation and explanation. Warnings may be returned for supporting documentation to the Program Director.

The progressive disciplinary procedures described above may also be applied to an employee who is experiencing a series of unrelated problems involving job performance and/or behavior.

The Executive Director has the authority to place an employee on probation if he/she feels that the performance of such employee is not in compliance with their assigned job duties. The Program Director and Human Resources Director will determine the length of the probationary period with approval of the Executive Director. The length of the probationary period may be up to ninety days. Upon completion of the probationary period, the probation may expire or be extended; however, the employee's job performance must remain at an acceptable level indefinitely.

In cases involving serious misconduct, such as a major breach of policy or violation of law, the procedures contained in the above, may be disregarded. The Program Director should suspend the employee immediately and, if appropriate, recommend termination of employee. An investigation of the incidents leading up to the suspension should be conducted to determine what further action, if any should be taken. Employees suspended from work will be on leave without pay, unless management grants an exception.

- a) Incidents which result in employees being placed on leave without pay pending investigations by the Department of Human Services (DHS) and/or the Department of Children Services (DCS) due to reports of alleged child abuse/neglect may receive back pay when the outcome of the investigation is “unfounded”; or
- b) If the results of the DHS and/or DCS is “founded” or the employee is placed on a “safety plan” stating employee is not allowed to be alone with children, due to the investigation, the employee will be “terminated,” with approval of the Head Start Policy Council;
- c) Should an employee who was terminated, due to being placed on an initial “safety” or “supervision” plan by DCS or DHS, have their plan removed, that employee may be considered for future employment with the Agency.

The Executive Director approves all recommendations for termination before any final action is taken.

INVESTIGATIONS:

At any investigatory interview conducted for the purpose of determining the facts involved in any suspected violation of Agency rules and regulations or grantor regulations, the following procedures normally should apply:

- a) Prior to the interview, the employee who is suspected of violating Agency rules and regulations should be told in general terms what the interview is about.
- b) The employee may have the EO Officer or a co-worker witness of their choosing present at the interview, provided she/he so requests.
- c) As a normal part of investigation, the employees may be subject to electronic auditing, to check for additional instances/patterns of misconduct.
- d) Employees may be interviewed by regulatory authorities upon investigations with prior notification to the Program Director, Human Resources Director, Executive Director, or Governing Board Chairperson.
- e) No employee may retaliate against a co-worker or client believed to have made a complaint about the employee or otherwise participated in an Agency investigation.

Employees who believe that they have been disciplined too severely or who question the reason for discipline may utilize the Grievance Policy/Problem Resolution.

ANTI-FRAUD POLICY

SCHRA requires compliance with the requirements of federal and state laws that prohibit the submission of false claims in connection with federal funded programs, including Medicare and Medicaid. Every SCHRA employees must receive the information set forth in this policy.

Federal and state governments have adopted a number of statutes to deter and punish misrepresentations with regard to federal and state funded programs. Failure to comply with these laws could result in civil and criminal sanctions imposed on individuals and SCHRA's subsidiaries by government entities. In addition to sanctions imposed by the government, employees' noncompliance with this policy (and any state or federal law designed to detect and prevent fraud, waste and abuse) may result in discipline up to and including termination of employment.

- **Federal False Claims Act:** The federal False Claims Act prohibits knowingly submitting (or causing to be submitted) to the federal government a false or fraudulent claim for payment or approval. It also prohibits knowingly making or using (or causing to be made or used) a false record or statement to get a false or fraudulent claim paid or approved by a state Medicaid program, the federal government or its agents, such as a carrier or other claims processor. Civil penalties can be imposed on any person or entity that violates the federal False Claims Act, including monetary penalties of \$5,500 to \$11,000 as well as damages of up to three times the federal government's damages for each false claim.

ABOUT THIS POLICY AND PROCEDURES MANUAL (Continuation of Policy)

South Central Human Resource Agency (SCHRA or the “Agency”) Human Resources (or Personnel) Policy and Procedure Manual (“Manual”) provides management and staff members with an understanding and approach to administering personnel, payroll, and human resource department policies and procedures. Managers and supervisors are required to familiarize themselves with its contents, as it will answer many questions concerning human resources policies and procedures at SCHRA. Written and approved personnel policies and procedures are required by Head Start.

The Governing Board, Head Start Policy Council and Agency leadership believes that we accomplish the vision and mission of SCHRA together. Because of this we believe that full transparency about human resources practices and supervision is important.

Employees may resign from the Agency at any time, for any reason with or without notice. Employees may be terminated by the Agency at any time, for any reason, and with or without notice, and with or without cause. Only the SCHRA Governing Board Chairperson has the authority to create an employment agreement and such agreements must be in writing and signed by the appropriate parties to be valid.

1. The Manual will generally be distributed to the SCHRA Governing Board, the Head Start / Early Head Start Policy Council, administrators, and staff.

No statement contained in the human resources policies and procedures manual, employee handbook, employment application, recruiting material, or other written materials provided to any employee in connection with his/her employment will be construed as contradicting this policy by creating any express or implied contract of employment.
3. At the time of hiring, each employee will be informed that he/she is employed at the will of the Agency and is subject to termination at any time, for any reason, with or without notice, and with or without cause.
4. Completion of an introductory period will not change an employee's status as an employee-at-will or in any way restrict the Agency's right to terminate an employee.

SECTION 2

EQUAL EMPLOYMENT OPPORTUNITY (Continuation of Policy)

1. Executive Director is responsible for overseeing the administration of the Equal Employment Opportunity (EEO) Policy and may act through Human Resources Director as necessary to carry out this policy.
